

# NOTICE OF APPLICATION

Community Development Department ♦ 80 Columbia Avenue ♦ Marysville, WA 98270  
(360) 363-8100 ♦ (360) 651-5099 FAX ♦ Office Hours: Monday - Friday 7:30 AM - 4:00 PM

Notice is hereby given that the City of Marysville is considering adoption of the 2016 City of Marysville Water Comprehensive Plan as a sub-element of the Public Facilities and Services Element of the Marysville Comprehensive Plan. The primary purpose of the (WCP) is to identify and schedule water system improvements that correct existing system deficiencies and ensure a safe and reliable supply of water to current and future customers. The City's previous WCP was prepared in June 2009. This updated 2016 WCP reflects Snohomish County's 2035 population allocation to the City and the City's current Urban Growth Area (UGA), which are consistent with the City and County 2015 *Comprehensive Plan* updates. The WCP also reflects improvements and changes to the water system since the completion of the 2009 WCP.

The WCP presents a description of the existing water system and service area, a forecast of future water demands, policies and design criteria for water system operation and improvements, the operations and maintenance program, staffing requirements, a schedule of improvements, and a financial plan to accomplish the improvements. The WCP also includes several ancillary elements that include a water use efficiency plan, a water quality monitoring plan, a wellhead protection plan, a watershed control plan, and a cross-connection control program.

**File Number:** PA16-009  
**Applicant:** City of Marysville  
Public Works Department
