

Steps for becoming **MARYSVILLE READY NEIGHBORS**

1

Connect with a neighbor or group of neighbors who share an interest in preparedness

Make the decision to prepare for disasters and select one or two representatives to connect with Marysville Emergency Management.

2

Complete the online form to join the official Marysville Ready Neighbors list

Visit www.marysvillewa.gov/readyneighbors or scan the QR code and click on the 'Join the List' button.

3

Decide how you will disseminate Marysville Ready Neighbor packets to each household

Marysville Emergency Management will reach out to Neighbor Representative(s) after receiving the online form to discuss next step options.

Including all Neighbors

Residents can use these materials to prepare for disasters no matter what type of housing they live in. Marysville Ready Neighbors is available and adaptable for everyone, whether you live in a single family home, apartment building, townhome, or any other type of housing. Participation in this program is free, flexible, and completely led by your household's goals, interests, and schedules.

Are you an HOA?

You are eligible to be a WRN Ambassador! Scan the QR Code or visit the link to learn more. Ambassadors help us to distribute critical emergency-related messaging.

A WRN Ambassador supports the National Weather Service's efforts to help others be informed of and prepare for extreme weather events.
