Seasonal hazards

Are you prepared?

With fall settling in and winter approaching, it's a good time to prepare for hazards that come with colder weather. From wind and freezing temperatures to power outages and slippery roads, a little preparation now can go a long way in keeping you and your family safe. Click the links below for more information and free resources to get started.

Volunteer appreciation and new CERT grads!

Congratulations Fall 2024 CERT class!

On October 28th, the City hosted an event to show appreciation to volunteers who donated their time to various departments throughout 2024. For the Emergency Management office, the celebration included Registered Emergency Workers, radio volunteers, special event supporters and CERT final drill role players who were presented with a certificate from Mayor Nehring. We appreciate you!
