26 June 2021

Honorable Mayor  
The Marysville City Council,  
Citizens of the City of Marysville:

This correspondence will formally transmit the Comprehensive Annual Financial Report (CAFR) of the City of Marysville for the year ended December 31, 2020. This submittal is in accordance with Washington State Statutes and Marysville code provisions. This report of the financial condition of the City also provides full financial disclosure in accordance with generally accepted accounting principles (GAAP).

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Cities and counties of the State of Washington use the Budgeting, Accounting and Reporting System (BARS) developed and prescribed by the State Auditor's Office. The City's financial statements have been audited by the Washington State Auditor's office. The goal of an independent audit is to provide reasonable assurance that City financial statements for the fiscal year ended December 31, 2020 are free of material misstatements. The State Auditor concluded based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Marysville's statements are fairly presented in conformity with GAAP. The State Auditor's report is presented at the first component of the financial section of this report.

As the recipient of federal, state, and county financial assistance if the annual receipts exceed \$750,000 the City is required to undergo an annual single audit in conformity with the provisions of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). This audit is conducted by the State Auditor's Office in conjunction with the City's annual independent audit. During this reporting period the receipt of federal financial assistance did meet the threshold, so a single audit was performed.

GAAP requires that the City provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a "Management's Discussion and Analysis" (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Government**

The City of Marysville is located 35 miles north of downtown Seattle and 4 miles north of Everett in Snohomish County. To the west of the City are Interstate 5 and the Tulalip Indian Reservation and to the east lie the city of Lake Stevens and the foothills of the Cascade Mountains. The City and the immediate area is primarily suburban and rural residential with supporting retail and commercial enterprises. Light industrial and manufacturing business are located in the northern portion of the City. On December 30, 2009, Marysville became the second largest City in the county with a current population of 70,298 when the City annexed in the remaining Urban Growth Area. Incorporated in 1891, Marysville has developed into an ideally located economic center, one that offers residents and businesses a way of life that provides opportunities to prosper, while preserving the unhurried qualities we have all come to treasure in this fast-growing region.

Marysville is approximately 20.99 square miles in size. Visitors and residents can enjoy 444.58 acres of recreational attractions including parks, soccer fields, nature trails, a boat launch and golf course. The City also offers visitors a number of new retail shopping areas, restaurants and hotels.

The City of Marysville is a non-charter code city operating under a Council-Mayor form of government. City Council elections are held every two years with Council members elected to staggered four-year terms. The Mayoral elections are held every four years. Citizens of Marysville may run for Mayor or City Council if they are at least 18 years old and residents of the City for the previous twelve months.

The Chief Administrative Officer (CAO) along with the Mayor, are responsible for implementing the policies and goals of the City Council and provides leadership, coordination and development of City departments. The CAO is appointed by, reports directly to, and serves at the pleasure of the Mayor and City Council.

The City of Marysville provides a full range of municipal services, including police, community development, street maintenance and construction, parks and recreation, courts, and general administrative services. The City operates enterprise funds for water, sewer, stormwater, solid waste, and golf course.

The City prepares a biennial budget in accordance with the Revised Code of Washington (RCW) 35.A.34. Biennial budgets must be adopted by the City council prior to the first of each odd-numbered calendar year. This budget serves as the foundation for the City of Marysville's financial planning and control. The budget is prepared by fund and department. A budget increase or decrease to a fund must be authorized by the City Council. Appropriation changes within a fund may be authorized by the Chief Administrative Officer.

### **Long Term Financial Planning and Relevant Financial Policies**

Because the city has been fiscally prudent in these past several post-recession years, we have a solid financial foundation from which to work. An improving economy provides its own set of challenges: investing in economic development, diversifying our employment base and providing the infrastructure to meet the needs of businesses coming our way. This high growth phase coupled with the fiscal discipline of the last several years provides the opportunity to move forward on long-term projects that the city has planned for quite some time.

The stewardship of public funds is one of the greatest responsibilities given to the officials and managers of the City of Marysville. Therefore, the establishment and maintenance of wise fiscal policies enables City officials to protect public interests and ensure public trust. These policies have been established to provide general fiscal guidelines and are intended to provide sound direction in the management of the City's financial affairs. They address topics that include the operating and enterprise fund budgets, revenues and expenditures, cash management and investment, reserve and fund balance and debt management.

To ensure the City keeps abreast of and incorporates economic conditions into its financial plan, revenues are projected for six years and the forecast is updated annually. Operating expenses are supported by ongoing revenues per City policy. Reserve replenishment continues to be a high priority, with the objective of meeting and maintaining the reserve requirements. In 2021 S&P Global Rating upgraded the City's bond rating from AA to AA+.

### **Major Initiatives**

The 2019-2020 biennial budget approved by the City Council included the following major initiatives:

- Construct a First Street Bypass to reduce congestion in the downtown corridor in conjunction with the planned I5 south exit.
- Development of the Waterfront Park and new trail system to encourage livability and walkability in the downtown area.
- With the addition of five Police Officers and Sergeants, increase the patrol presence in Marysville neighborhoods, transition the Regional Property Crimes Unit from a pilot program to an ongoing unit, increase community outreach in the schools, and create a new Community Services Unit focusing on code enforcement and park security.
- Created a Regional Fire Authority with Fire District #12.
- Construction of a new civic campus.

### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Marysville for its comprehensive annual financial report for the fiscal year ended December 31, 2019. The City has received the award each year beginning in 2007. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this Comprehensive Annual Financial Report would not have been possible without the efficient and dedicated service of the Finance Department. Thank you to our department heads for understanding the importance of the financial status of this organization and as such, worked diligently to provide quality service within our financial means. It is to

their credit that the citizens of the City of Marysville can rely on this report as the definitive discussion of all City financial operations.

Respectively Submitted:

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

The City of Marysville presents this discussion and analysis of its financial performance to provide an overview of the City's financial activities for fiscal year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with the accompanying basic financial statements and the associated notes.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of the City of Marysville exceed its liabilities and deferred inflows at the close of December 31, 2020 by approximately \$ 401.1 million (net position) an increase of \$ 27.2 million or 7.28%. Of this amount, unrestricted net position totals \$ 61.8 million and may be used to meet the City's ongoing obligations to citizens and creditors. Restricted net position totals \$ 19.9 million and are subject to external restrictions on how it may be used.
- As of December 31, 2020, the City's governmental activities reported a combined net position of \$ 221.9 million, an increase of \$ 25.1 million from 2019. Approximately 12.8% of this amount (\$ 27.0 million) is available for spending at the City's discretion.
- The City's total long-term outstanding debt increased by \$ 6.1 million during calendar year 2020. The increase is the result of debt issued for the Civic Campus.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction the City of Marysville's basic financial statements. The basic statements include three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report contains other supplementary information in addition to the basic financial statements and required information.

**Government-Wide Financial Statements**

The Government-Wide Financial Statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The statements present the financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately. Additionally, certain eliminations have occurred in regards to interfund activity, payable and receivables.

The Statement of Net Position presents financial information on all of the City of Marysville's assets, liabilities and deferred inflows/outflow resources, with the difference reported as net position. Evaluating increases or decreases over time can serve as a useful indicator of whether the financial position of the city is improving or declining.

The Statement of Activities present information on the net cost of each governmental and business-type function during the fiscal year. The statement distinguishes revenue generated by specific functions from revenue provided by taxes and other sources not related to a specific function. The revenue generated by the specific functions (charges for services, grants, and contributions) is compared to the expenses for those functions to show the degree to which each function supports itself or relies on taxes and other general funding sources for support. All activity on this statement is reported on the accrual basis of account requiring the revenues to be reported when they are earned and expenses are reported when they are incurred, regardless of when cash is received or disbursed.

In the Statement of Activities, we separate the City activities as follows:

**Governmental Activities** – most of the City's basic services are reported in this category, including General Government, Municipal Court, Police, Fire, Engineering, Parks/Recreation, Community Development, Street Maintenance, and General Government Debt Service. Property and sales taxes, user fees, interest income, franchise fees, and state and federal shared revenues and grants generally finance these activities.

**Business-Type Activities** – The City's Waterworks Utility, Solid Waste, and Golf Course Funds are reported in this category. These types of activities are funded by the City charging a fee to customers to cover all or most of the cost of certain services it provides.

**Office of the Washington State Auditor  
Pat McCarthy**

**INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS**

Mayor and City Council  
City of Marysville  
Marysville, Washington

**REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Marysville, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating

the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Marysville, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Matters of Emphasis**

As discussed in Note 18 to the 2020 financial statements, the full extent of the COVID-19 pandemic's direct or indirect impact on the City is unknown. Our opinion is not modified with respect to this matter.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary and Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The combining and individual fund statements and schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The Introductory and Statistical Sections are presented for purposes of additional analysis and are not a required part of the basic financial statements of the City. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

#### **OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS**

In accordance with *Government Auditing Standards*, we will also issue our report dated September 27, 2021, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report will be issued under separate cover in the City's Single Audit Report. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Sincerely,

A handwritten signature in black ink that reads "Pat McCarthy". The signature is written in a cursive style with a large initial "P" and "M".

Pat McCarthy, State Auditor

**Fund Financial Statements**

The Fund Financial Statements include statements for each of the three categories of activities – governmental, business-type and fiduciary. The governmental activities are prepared using the current financial resources measurement focus and modified accrual basis of accounting. The business-type activities are prepared using the economic resources measurement focus and the accrual basis of accounting. The fiduciary activities are custodial funds, and are prepared using the economic resources measurement focus and full accrual. Reconciliations of the Fund Financial Statements to the Government-Wide Financial Statements are provided to explain the differences created by the integrated approach.

The City, like other state and local governments, uses fund accounting to account for a number of funding sources and activities. In general, fund accounting provides a mechanism for separately accounting for a variety of different funding sources, and enables the City to demonstrate compliance with legal and/or contractual requirements that may be associated with these funds. Thus, the accompanying fund financial statements present individual funds, organized into one of three groups based on the nature of the activities and the purpose: Governmental, Proprietary or Fiduciary Funds. Note that the fund financial statements also include “other governmental funds” on the governmental funds, and “other enterprise funds” on the proprietary funds. In addition, the fund financial statements include a schedule that reconciles the fund financial statements to the Government-Wide Financial Statements.

**Governmental Funds** – Most of the City’s basic services are reported in the governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City’s general government operations and the basic services it provides to its citizens. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. The differences between the results shown in the Governmental fund financial statements and those shown in the Government-Wide financial statements are explained in a reconciliation schedule following each Governmental Fund financial statement.

**Proprietary Funds** – When the City charges customers for the service it provides, whether to outside City customers or to other units of the City, these services are generally reported in proprietary funds. Proprietary funds include two components 1) enterprise funds and 2) internal service funds. Proprietary funds are reported in the same manner that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position. In fact, the City’s enterprise funds are the same as the business-type activities reported in the governmental-wide statement, but provide more detail and additional information, such as cash flows, for proprietary funds. Internal service funds are used to report activities that provide supplies and services for the City’s other programs and activities – such as fleet maintenance, facility maintenance, computer maintenance and insurance funds. Because these funds largely benefit government rather than business-type functions, they are reported with governmental activities in the government-wide financial statements.

**Fiduciary Fund** – The City is the trustee, or fiduciary for certain funds held on behalf of various third parties. The City’s fiduciary activities are reported in a separate Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. These type of activities are excluded from the City’s other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**Notes to the Financial Statements**

The notes to the financial statements provide information that is essential to a full understanding of the data provided in the Government-Wide and Fund Financial Statements. The notes to the financial statements immediately follow the basic financial statements in this report.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information (RSI) concerning the Schedule of Proportionate Share of the Net Pension Liability, the Schedule Employer Contributions, and the funding progress for the Other Post Employments Benefits. Also included as required supplementary information are the Schedules Revenues, Expenditures and Changes in Fund Balances – Budget and Actual the general fund and major special revenue funds.

**Combining Statements**

The combining statements for other governmental funds, internal service funds and agency-type fiduciary funds are presented immediately following the required supplementary information.

**Statistical Section**

This section includes unaudited trend information and demographics.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

## Statement of Net Position

Following is a condensed version of the government-wide statement of net position for 2020 compared to 2019:

Condensed Statement of Net Position (in thousands)

Unrestricted	26,989	20,395	34,768	40,534	61,756	60,929
<b>TOTAL NET POSITION</b>	<b>\$ 221,881</b>	<b>\$ 196,755</b>	<b>\$ 179,192</b>	<b>\$ 177,111</b>	<b>\$ 401,073</b>	<b>\$ 373,866</b>

## Governmental Activities

During the 2020 fiscal year, net position for governmental activities increased \$ 25.1 million or 12.8% from 2019. Key elements of the increase are as follows:

- Current and other assets decreased by \$ 14.2 million. The decrease is mainly the result of maturing bond funds for capital projects of \$ 16.0 million and an increase to accounts receivable (\$2.8 million) and a decrease in net pension asset (1.0 million).
- Capital assets, net of accumulated depreciation increased by \$ 48.1 million dollars. There was an increase of \$ 46.6 million in Construction Work in Progress. The City is currently working on a large street construction project and the construction of a new civic campus. The remaining difference is due to additions to land and other depreciable assets (net of depreciation).
- Deferred outflows related to pension saw a slight increase.
- Current liabilities reflects an increase of \$ 4.9 million which is due to the reporting of the current portion of bonds, notes, and loans for 2020 where in 2019 this category was reported along with long-term liabilities. Giving consideration for this adjustment the difference is \$ 0.4 million from the normal fluctuations in accounts payable activity and the changes in court and property tax receivables.
- Long-term liabilities increased \$ 6.9 million a result of the new bond for the civic campus and annual debt service payments, offset by in adjustments to the net pension and OPEB liability.
- The \$ 2.4 million decreased in deferred inflows is related to pensions.

## Business-Type Activities

Business-type activities of the City's utilities and golf course realized a \$ 2.1 million increase in net position. Key elements of the increase are as follows:

- Total assets and deferred outflows decreased by \$ 3.0 million. The \$ 6.3 million decrease in current and other assets, the result of projects in the Waterworks Utility fund, and a \$ 3.3 million increase in capital assets.
- Total liabilities and deferred inflows decreased by \$ 5.1 million due the annual debt service.

## Changes in Net Position

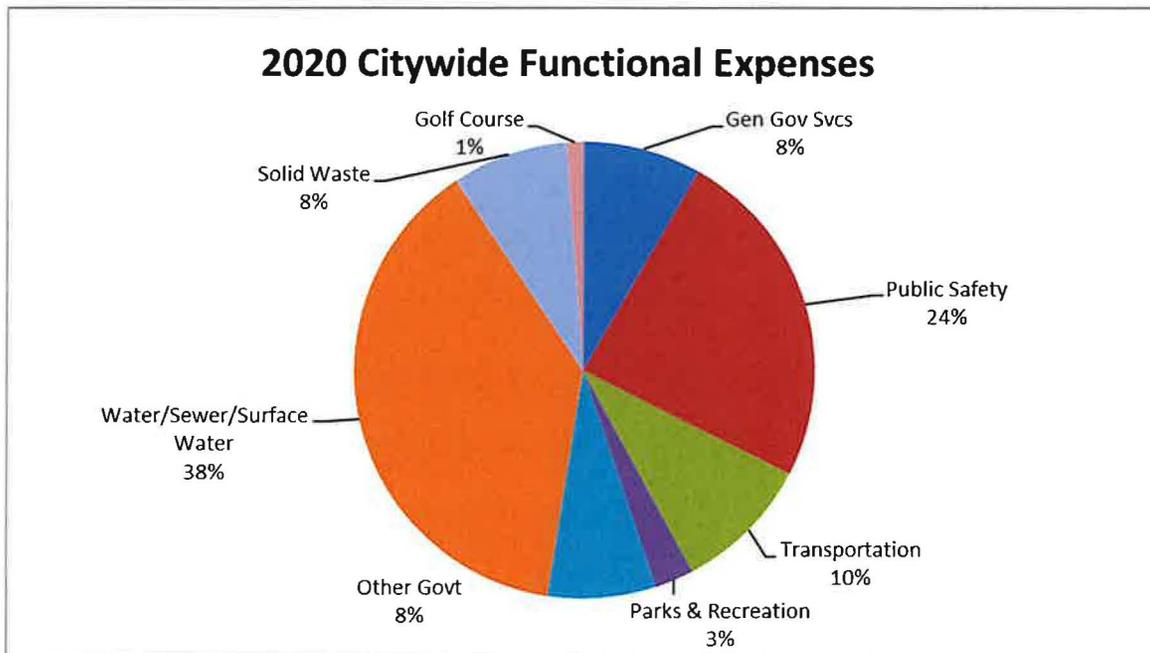

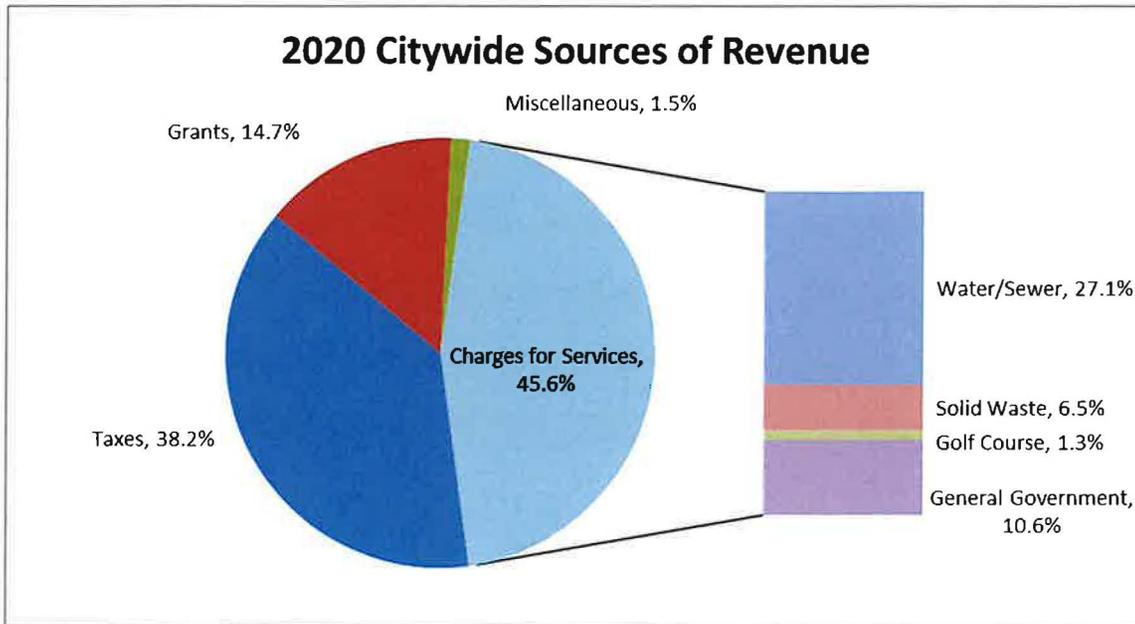

As discussed earlier, the Statement of Net Position provides a measure of the financial health of an entity at a specific date in time. The Statement of Activities provides details on how net position changed from the beginning of the year to the end of the year and whether net position increased or decreased. Therefore the Statement of Activities provides information as to whether the City as a whole is better off financially by yearend as illustrated in the following table.

**Changes in Net Position**

As shown in the chart below, charges for services made up 45.6% of the total revenue received by the city as a whole in 2020. Taxes made up 38.2% of the revenue sources. Of the 38.2%, 12% is from property taxes, 16% from sales taxes, and the remaining from business and other taxes.

The following chart compares the functional expenses of the City. Public Safety and the Water/Sewer Utility Fund make up two-thirds of the total City expenses.

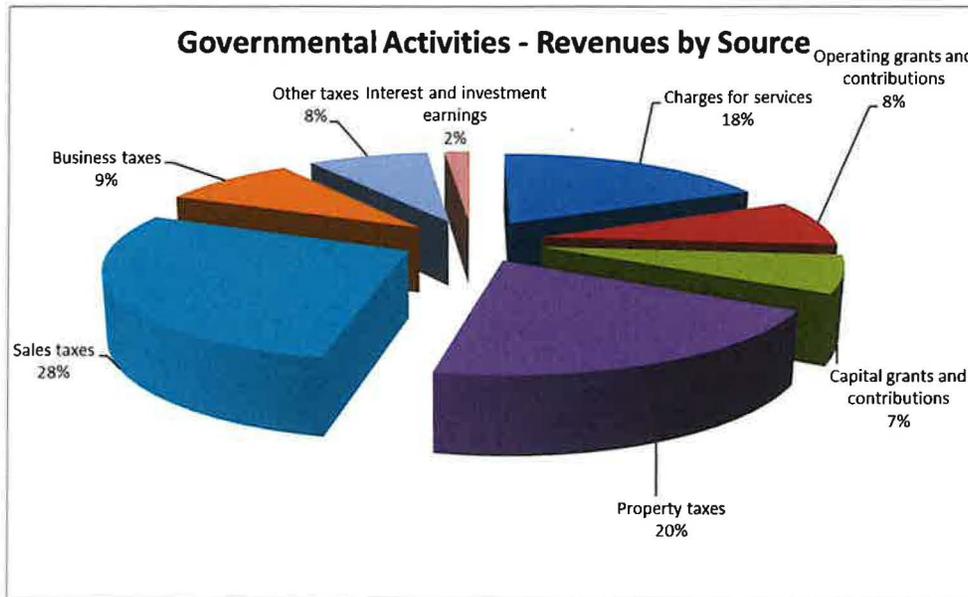

**GOVERNMENTAL ACTIVITIES ANALYSIS**

As shown in the Statement of Activities, the total cost of all governmental activities in 2020 was \$ 51.8 million. Of this amount \$ 23.9 million was paid either by those who directly benefited from the programs or by other governments and organizations that subsidized certain programs with grants and contributions. The net expense (total expenses less program revenues) of \$28.0 million was the cost of governmental activity services paid primarily by city taxpayers.

**Revenues**

Total governmental activity revenue (excluding transfers) increased by \$ 0.8 million or 1.2%. The increase is associated with an increase in grants and contributions, taxes and investment interest and a decrease in property taxes, a result of the Regional Fire Authority (RFA) formation. As the chart below depicts, the majority of governmental activity revenue, 65.3%, is from taxes. Combined taxes were down \$ 3.5 million, or 6.9% from 2019.

Sales tax increased by \$ 0.04 million or 0.2% from 2019 as a result of expiration of the 10-year annexation sales tax credit. Property taxes decreased \$ 3.7 million or 20.3% a result of increased assessed values, new construction, and state utilities and a reduction due to the RFA formation. Other taxes increased \$ 0.2 million or 1.4% from 2019. This category includes utility taxes assessed on utilities, such as water, sewer, garage, storm water, telephone, electric and natural gas for services sold within the city limits. The increase in utility tax is the result of rate increases imposed by the utility companies.

**Expenses**

Total governmental activity expenses decreased by \$ 8.4 million or 13.9%, compared to 2019. Highlights of the change in governmental activity expenses are:

- Decreases of \$ 7.9 million in Public Safety is due to \$ 7.7 million decrease in EMS and Fire services, \$ .2 million in police costs. The \$ 1.5 million decrease in Physical Environment and the \$ 1.1 million increase in Transportation is a result of moving Engineering services. The \$ 0.9 million increase in Economic Environment is associated with increased staff costs and Community Development Block Grant payments and the decrease of \$1.7 million in Culture & Recreation is due to cancelation of park and recreation programs due to the pandemic.

**BUSINESS-TYPE ACTIVITIES ANALYSIS**

Total expenses of business-type activities in 2020 were \$ 47.0 million. Program revenue covered \$ 51.0 million, with \$ 2.0 million in transfers resulting in a net gain of \$ 4.0 million.

**Revenues**

Total revenues (excluding transfers) were down \$ 9.7 million or 15.9% from the prior year. Charges for services decreased by \$ 4.5 million from 2019 due to a decrease in connection fees.

Capital grants and contributions consist of infrastructure constructed by the developer and then turned over to the City. Business-type capital contributions decreased by \$ 5.8 million.

In 2020, interest earnings on investments decreased by 30.1%. The decrease is due to an increase in capital projects.

**Expenses**

Total business-type saw an increase of \$10.1 million or 27.5% from 2019. This increase is a result of a large project in the Waterworks Utility.

**FUND-LEVEL FINANCIAL ANALYSIS**

As discussed earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Fund**

The focus of the City's governmental funds is to provide information on near-term revenues/financial resources and expenditures. This information helps determine the City's financing requirements in the near future. In particular, unassigned fund balance measures the City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year the City's governmental funds reported a combined ending fund balance of \$ 49.9 million, a decrease of \$ 17.8 million from 2019. This decrease was primarily due to construction of the two major construction projects that the City bonded for in 2018.

Revenues for the governmental funds in 2020 were \$ 69.2 million down \$ 2.4 million or 3.3% from 2019 and expenditures were \$ 102.1 million up \$ 25.6 million or 33.4%.

*General Fund* - The general fund is the main operating fund of the City through which all receipts and payments of ordinary City operations are processed, unless legally required to be accounted for in another fund. Taxes are the major revenue source. At the end of 2020, the fund balance of the General Fund was \$ 27.6 million up \$ 7.6 million from 2019. As a measure of fund's liquidity, the ending fund balance is 71.2% of the fund's 2020 expenditures. As of December 31, 2020, total revenue was \$ 48.7 million, a decrease of \$ 4.4 million or 8.3% and total expenditures were \$ 38.4 million. Of the \$ 27.6 million fund balance, the entire amount is unassigned and is available for discretionary spending. Even though the economy is starting to show signs of recovery, and the City is starting to stabilize, the City remains committed to managing costs and balancing current year revenue and expenses to ensure the financial security of the City.

*Streets Capital Improvement Fund* – The Street Capital Improvement Fund accounts for the construction of transportation within the city, such as roads, streets, park and rides, and bridges. The fund reported a 60.3% decrease in fund balance due to the construction of the 1<sup>st</sup> Bypass project which the City bonded for in 2018.

*General Capital Improvements* – The General Capital Improvements fund tracks the bond proceeds and expenditures associated with the construction of the new city campus and other general capital facilities. The fund reported a decrease of 47.3% of fund balance due to the construction of the new city campus.

*Local Improvement District 71 Fund (LID71)* – The LID 71 Fund accounts for assessments related to the LID and provides payment to the Fiscal Agent for principal and interest on bonds issued in September 2014. The fund fluctuates based off the assessments collected and the bonds called during the current year.

*Other Governmental Funds* – The City has eleven other special revenue funds, two other debt service funds and one non-major construction fund.

Combined, the Other Governmental Funds reported total assets of \$ 7.4 million with a combined fund balance of \$ 4.2 million. Liabilities and deferred inflows increased due to increase in accounts payable. The cash and investments decreased by \$ 6.8 million. This decrease is a result of transfers from the Growth Management Act Real Estate Excise Tax funds to support several large street projects.

Revenue for the Other Government Funds in 2020 was \$ 16.0 million up \$ 5.0 million from 2019. Due primarily to a state grant to address the pandemic.

Expenditures for the Other Government Funds in 2020 were \$ 17.5 million, an increase of \$ 9.0 million. Due primarily to the large street construction and grant activity.

**Proprietary Funds**

The City's proprietary fund statements are similar regarding the information found in the government-wide financial statements, but more detail is provided due to the assortment of activities. These funds include the Waterworks Utility and Solid Waste as the major funds for the purpose of this report. As a result, all statements related to the enterprise funds are presented at the entity-wide level. The Cedarcrest Golf Course is the only enterprise fund that is not considered a major fund. The City does have Internal Service funds which are reported in the fund statements.

*Waterworks Utility Fund* – The Waterworks Utility Fund accounts for the operations, maintenance, and construction of activities related to the supplying of water, sewer, and storm drainage/surface water services to the community. The fund reported total assets and deferred outflow of \$ 207.6 million, total liabilities and deferred inflows of \$ 37.7 million, and net position of \$ 169.9 million, an increase of \$ 1.4 million from the prior year. Key elements for the change include:

- The annual 2% rate increase in utilities.

*Solid Waste Fund* – The Solid Waste Fund accounts for the operations and maintenance of providing solid waste services to citizens within the city limits. The fund reported total assets and deferred outflows of \$ 7.9 million, total liabilities and deferred inflows of \$ 0.4 million and net position of \$ 7.6 million, a decrease of 0.7% from the prior year.

*Other Enterprise Funds* – The City's other enterprise fund includes only one activity and that is the Cedarcrest Golf Course. The fund reported total assets and deferred outflows of \$ 2.1 million, total liabilities and deferred inflows of \$ 0.4 million, and net position of a \$ 1.7 million, an increase of \$ 0.4 million. The increase is due to an increase in rounds played.

**General Fund Budgetary Highlights**

The 2019/2020 biennial budget was adopted in November 2018 by the City Council. The operating and capital budgets retain current service levels of operations, maintaining the City's infrastructure and addresses community priorities.

Appropriation of operating funds are reviewed and amended as needed by the City Council. The 2019/2020 biennial budget was amended twice in 2019 and no amendments in 2020. The final General Fund expenditure (not including transfers) budget was \$ 1.7 million higher from the original budget. The amendments were to account for the addition of one custody officer, one training officer and a property purchase.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

The City's investment in capital assets, including construction in progress, for its governmental and business-type activities as of December 31, 2020 amounts to \$ 417.5 million (net of accumulated depreciation) an increase of \$ 51.4 million from 2019.

Capital Assets at Year End, Net of Depreciation  
(in thousands)

	GOVERNMENTAL ACTIVITIES		BUSINESS-TYPE ACTIVITIES		TOTAL

	<b>\$ 245,998</b>	<b>\$ 197,868</b>	<b>\$ 171,550</b>	<b>\$ 168,292</b>	<b>\$ 417,548</b>	<b>\$ 366,160</b>

Key changes to major capital assets during 2020 included the following:

- Increase in Construction In Progress associated with the construction of large street projects, utility improvements, and the new civic campus.

Additional information on the City's capital assets can be found in Note 5 to the financial statements.

**Long Term Debt**

At the end of the fiscal year, the City had total bonded debt outstanding of \$ 97.9 million, an increase of \$ 6.8 million associated with the annual debt service payments, refinancing of the 2010 limited tax general obligation bond, and a new limited tax general obligation bond for the civic campus. Of this amount, \$ 71.0 million is general obligation debt, \$ 26.9 million is revenue bonded debt and the City also has \$ 2.5 million is special assessment debt.

---

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The City of Marysville Council voted not to increase the regular property tax levy by 1% allowed under initiative 747 in 2021. Assessed values (AV) for 2021 are estimated to increase by 10% from the 2020 assessed values. The levy rate for 2021 is \$ 1.602 per \$1,000 of assessed valuation, a decrease of 3.0% from the prior year of \$ 1.651. The decrease is due to the rise in assessed value and the decision not to increase regular property tax levy by the allowed 1%.

Total General Fund revenues for 2021 are estimated to decrease by \$0.6 million from 2020 before transfers and the total General Fund expenditures are estimated to decrease by \$ 4.5 million from 2020 before transfers. The decrease is due to the formation of the Regional Fire Authority, which results in a decrease in fire services. This decrease is reduced by increase in committed operating costs and the addition of the Street department to the General Fund from the Special Revenue fund. For 2021, the City is moving into unchartered waters with the effects of the COVID 19 pandemic. But due to the City's strong commitment to managing costs the City believes that with the reserves in place and continued commitment to review and manage expenses, the City will be able to weather this storm. The City is continuing to review and prioritize the strategic investments necessary to lay the groundwork for a prosperous future.

**Requests for Information**

The City's financial statements are designed to provide users with a general overview of the City's finances as well as to demonstrate the City's accountability to its citizens, investors, creditors, and other customers. If you have a question about the report, please contact the City of Marysville Finance Director, 1049 State Avenue, Marysville, Washington, 98270, (360) 363-8000.

**Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position  
December 31, 2020**

<b>Total Governmental Fund Balances</b>		49,930,535
<b>Amounts reported for governmental activities in the statement of net position are different because:</b>		
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds (exclusive of internal service funds' capital assets).		
Land	36,117,300	
Depreciable assets (including infrastructure)	174,548,445	
Construction in progress	66,478,814	
Less accumulated depreciation	(39,922,553)	237,222,006
The investment in joint ventures (Sno911) is not reported at the fund financial reporting level but is reported on the government-wide statement of net position.		
		1,954,620
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds - property taxes, special assessments, grants and fines.		
		7,425,445
Deferred inflows and outflows for pensions reported on the government-wide statement of position but not reported on the governmental fund balance sheet.		
		488,782
Deferred outflows for OPEB reported on the government-wide statement of net position but not reported on the government balance sheet.		
		70,934
The net pension assets are not available to retire current year expenditures, therefore they are not reported in the funds but are reported in the government-wide statement of net position.		
		4,914,393
The internal service fund is used by management to charge the costs of the equipment rental to individual funds. The assets and liabilities of the internal service funds are included in governmental activities column on the government-wide statement of net position.		
		10,937,779
The internal service fund chargeback to enterprise funds is not reported in the governmental funds, but is reported on the government-wide financial statements.		
		19,397
Liabilities not due and payable in the current period and therefore are not reported in the governmental fund balance sheets but are reported on the government-wide statement of net position (excludes internal service funds).		
General obligation/special assessment bonds payable	(80,538,187)	
Deferred outflows - bond related	103,073	
Accrued interest payable	(292,069)	
Other postemployment benefits payable	(3,864,599)	
Net pension liability payable	(4,517,714)	
Compensated absences payable	(1,973,741)	(91,083,237)
<b>Net Position Of Governmental Activities</b>		<b>221,880,654</b>

The accompanying notes are an integral part of this statement

**Reconciliation of the Statement of Revenues, Expenditures and Changes  
in Fund Balances of Governmental Funds to the Statement of Activities  
For the Year Ended December 31, 2020**

**Net Changes in Fund Balances - Total Governmental Funds** (17,800,825)

**Amounts reported for governmental activities in the  
statement of activities are different because:**

Governmental funds report capital outlays as expenditures on the governmental fund type operating statement. However, in the government-wide statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay exceeded depreciation expense in the current period.

Depreciation expense	(2,468,636)	
Capital outlay	47,889,293	
Capital contributions	-	45,420,657

The book value of capital assets sold are reported on the government-wide statement of activities but not reported in the governmental fund's operating statement. -

Revenues in the government-wide statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes, special assessments, grants and court receivables:		
Deferred as of 12/31/20	7,425,445	
Deferred as of 12/31/19	(4,715,700)	2,709,745

Governmental funds do not report the change in the investment in the joint venture, but the change is reported on the government-wide statement of activity. 121,961

Elimination of transfers between governmental funds:

Transfers in	(22,033,953)	
Transfers out	22,033,953	-

Internal service funds are used by management to charge the cost equipment, maintenance of facilities, computer costs and insurance to individual funds. The net revenue (expense) of internal service funds is reported with the governmental activities. 1,183,368

The internal service fund chargeback to enterprise funds is not reported in the governmental funds, but is reported on the government-wide financial statements. (348,882)

Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the government-wide statement of net position. 2,200,000

Amortization of bond-related items is reported in the government-wide statement of activities, but does not require the use of current financial resources and therefore is not reported in the governmental funds. 286,520

Issuance of debt is reported as an other financing source in the governmental funds, but is reported as a liability on the government-wide financial statements. (13,181,970)

Other postemployment expenses are reported in the government-wide statement of activities, but do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. (206,057)

Pension expenses and related intergovernmental revenues (LEOFF 2 special funding) are reported in the statement of activities, but do not require the use of current financial resources and are therefore not reported as expenditures in governmental funds. 2,137,621

A one-month portion of interest on long-term debt is accrued in the governmental-activities but not on the governmental funds statement of revenues expenditures and changes and fund balance. (9,590)

Compensated absences are reported in the government-wide statement of activities, but do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Liability as of 12/31/20	(1,973,741)	
Liability as of 12/31/19	1,856,880	(116,861)

**Change In Net Position of Governmental Activities** 22,395,687

NOTE 17 – Prior Period.....	68
NOTE 18 – Subsequent Events.....	68

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Marysville have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies are described below.

**A. Reporting Entity**

The City of Marysville was incorporated on March 20, 1891 and operates under the laws of the State of Washington applicable to a non-charter code city with a mayor-council form of government. The accounting and reporting policies of the city conform to generally accepted accounting principles (GAAP) of local governments.

The city is a general-purpose government and provides public safety, road improvement, parks and recreation, judicial administration and general governmental services. In addition, the city owns and operates a water/sewer/surface water utility, a golf course and provides garbage collection and recycling services. The accompanying statements include all funds, agencies and boards controlled by or dependent on the city. The financial statements include as well the assets and liabilities of all funds for which the city has a custodial or trust responsibility. The financial statements do not include the financial position or results of operations of the Marysville School District, which is a separate municipal corporation.

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Our policy is to allocate indirect costs to a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Preparation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds. The fiduciary funds presented are custodial funds, use the accrual basis of accounting and use the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the city considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Under modified accrual basis of accounting, property taxes, sales taxes, utility taxes and interest associated within the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessment receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Grant revenue is recognized for cost reimbursement grants when the expenditure occurs in accordance with GASB Statement 33. When the expenditure

is incurred, grant revenue is considered to have been earned and therefore available and recognized as revenue. All other revenue items are considered to be measurable and available only when cash is received by the city.

The city reports the following major government funds:

- The General Fund is the city's operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The general fund includes police, parks, culture and recreation, parks maintenance, community development, courts, executive, finance, human resources, and legal.
- The Street Capital Improvement fund accounts for the design and construction of the city's infrastructure.
- The General Capital Improvement fund accounts for the construction of the new city campus.
- The Local Improvement District (LID) #71 accounts for assessments related to the LID and provides payment to the fiscal agent for principal and interest on bonds issued in September 2014.

The city reports the following major enterprise funds:

- The Waterworks Utility operating fund accounts for the distribution and filtration of water, the collection and treatment of wastewater, as well as the collection and treatment of sewage, and the design and construction of all water/sewer/surface water capital projects. Also included in the waterworks utility fund are all debt service payments.
- The Solid Waste fund accounts for the collection of commercial and residential solid waste as well as curb side recycling program.

Additionally, the government reports the following fund types:

- Special revenue funds account for the proceeds of specific revenue sources to finance specific activities as required by law or administrative regulations.
- Debt service funds account for the accumulation of resources and the payment of general long-term debt principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.
- Capital project funds account for the design and construction of city infrastructure and city parks and recreational facilities and other governmental facilities.
- Internal service funds account for the city's fleet management, facility services, information services, unemployment insurance and liability insurance provided to other departments on a cost reimbursement basis.
- Custodial funds account for the funds received for drug seizure, weapon permits and other county mitigation fees.

As a general rule, the effect of interfund activity has been eliminated for the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. The city has allocated certain indirect costs that are included in the program expense reported for individual functions and activities.

Amounts reported as program revenues include 1) charges to customers, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues. General revenues include all taxes.

The proprietary statements are reported using the economic resources measurement focus and full-accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liability is incurred regardless of the timing of cash flows. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the city are the Waterworks Utility Fund, Solid Waste Fund, Golf Fund, and the internal service fund charges to customers for sales and services. Operating expenses for the enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available to use, it is the City of Marysville's policy to use restricted resources first, and then unrestricted resources as needed.

**D. Budgetary Information****Scope of Budget**

In accordance with the Revised Code of Washington (RCW) 35A.34, the City budgets for all operating funds. These budgets are prepared in accordance with generally accepted accounting principles. Budgetary accounts are integrated in fund ledgers for all budgeted funds, but the financial statements include budgetary comparisons for budgeted governmental funds only.

The budget, as adopted, constitutes the legal authority for expenditures. Appropriations are authorized for two years, but must be reviewed by the City Council at the midpoint of the biennial period. The appropriated budgets are adopted at the fund level where expenditures may not exceed appropriations. Subsidiary revenue and expenditure ledgers are used to compare the budgeted amounts with actual revenues and expenditures. As a management control device, the subsidiary ledgers monitor expenditures for individual functions and activities by object class. Any unexpended appropriation balances lapse at the end of the biennium.

**Amending the Budget**

The City Administrative Officer is authorized to transfer appropriations between programs within any fund; however, any revisions that alter the total expenditures of a fund must be approved by the City Council. When City Council determines that it is in the best interest of the City to increase or decrease the appropriation for a particular fund, it may do so by ordinance approved by a simple majority.

The financial statements contain the original and final budget information. The original budget is the first complete appropriated budget. The final budget is the original budget adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized changes applicable for the fiscal year.

As of December 31, 2020, the following funds reported deficits in fund balance or net position:

Fund 102- Arterial Street has a deficit fund balance due to retainage of \$58,766 held and payable at a future date.

Fund 109 – CDBG has a deficit net position of \$ 203,539 resulting from the timing of grant reimbursement.

Fund 310 – Parks Construction has a deficit net position of \$ 1,305,313 due to large project construction expenses and the timing of grant a reimbursement.

**E. Assets, Liabilities, Fund Balances and Net Position****Cash and Cash Equivalents**

The City of Marysville invests all short-term cash surpluses. Monies from all City funds are internally pooled for investment purposes. The interest earned from the pooled investments is prorated to individual funds at the end of each month based on the cash balance in each fund at the end of the month. The City considers all highly-liquid assets, including investment in the Washington State's Local Government Investment Pool, and short-term investments with a maturity of three months or less when purchased, to be cash equivalents.

**Investments (see note 3 – Deposits and Investments)**

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

**Receivables (see note 12 – Receivables)**

The City of Marysville recognizes receivables in its various funds based on the account basis required for that fund. These receivables include the following:

1. Property Taxes (see note 4 – Property Taxes) - Uncollected property taxes levied for the current year are reported as receivables at year-end. When property taxes become three years delinquent, the county is required by state statute to foreclose on the property. Historically, all taxes have been collected; therefore, no allowance for uncollectible taxes is recorded.
2. Sales Tax - There is a running two-month lag in remittance of sales tax to the city. Sales taxes collected in November and December are not remitted by the state to the city until January and February of the following year and are reported as receivables at year-end. There is no allowance for uncollectible sales taxes because all sales taxes are required by law to be collected by businesses at the time of sale and remitted to the state.
3. Other Taxes - Electric, telephone, natural gas taxes remitted after the end of the year for activity occurring during the prior year are reported as receivables at year-end.
4. Interest Receivable - Interest receivable consists of amounts earned, but not received, on investments.

5. Accounts Receivable - Customer accounts receivable consist of amounts owed by private individuals or organization for goods and services provided. Unbilled services provided to utility customers are estimated at year-end and included in accounts receivable.

#### **Amounts Due to and from Other Funds; Interfund Loans and Advances Receivable**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund loans receivable/payable" or "advances to/from other funds." All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Separate schedules of interfund loans, amounts due to and from other funds and advances are furnished in Note 14 – Interfund Transactions and Balances.

#### **Amounts Due to and from Other Governmental Units**

These accounts include amounts due to or from other governments for grants, entitlements, temporary loans, taxes and charges for services.

#### **Special Assessments**

Special assessments are amounts levied against benefited properties to recover costs associated with the construction of local improvement district (LID) projects. A lien is recorded against benefited properties until the assessment has been paid. Special assessments receivable represent all outstanding assessment amounts including current assessments billed but not collected, unpaid delinquent assessments, and special assessment amounts due in future years, which are recorded in a deferred inflow of resources account. Since special assessments are secured by liens against related properties, no allowance for uncollectible amounts is made. Total assessment principal billed in 2020 was \$175,014 total principal collected was \$173,106. As of December 31, 2020 \$4,484 of special assessments receivable were delinquent.

#### **Inventories**

Inventories in proprietary funds use a perpetual inventory method in which an expense is recorded when related items are consumed. Physical inventories are taken at year-end and the value of items remaining in inventory is calculated for financial reporting purposes. Inventories in proprietary funds are valued by the FIFO method, which approximates the market value. Inventories associated with Golf Course are held for resale. All other inventories are held for internal use only.

#### **Restricted Assets and Liabilities**

Constraints imposed by debt covenants and laws and regulations of other governments require that the City maintain cash accounts, investments and receivables for certain purposes. These accounts contain resources to ensure compliance with the revenue debt bond covenants. Specific debt service reserve requirements are described in note 9 – Long-Term Debt. The restricted assets of the enterprise funds is composed of \$5,726,082 investments for debt service.

#### **Capital Assets (see note 5 – Capital Assets and Depreciation)**

The City began prospective reporting of general infrastructure assets in January 1, 2005 and incorporated the retrospective values in 2007.

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and estimated useful life in excess of one year. Infrastructure assets are capitalized when cost equals or exceeds \$300,000. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets purchased, constructed, or leased by a governmental fund type are recorded as expenditures in that fund at the time the related expenditures are incurred. The associated capital assets are capitalized in the Governmental Activities column on the Government Wide Statement of Net Position. Capital assets of internal service funds are reported with governmental assets.

Costs of normal maintenance and repair for general capital assets are not capitalized. However, any improvement that increases an asset's value, capacity or materially extends its life is added to that asset's capitalized costs.

All project costs are included in construction in progress in the government-wide statement of net position. At completion, capital costs are reclassified to the appropriate capital asset account. In the governmental fund financial statements, lease and contract payments are reported as expenditures.

Property, plant and equipment of the primary government, are depreciated using the straight line method over the following estimated useful lives:

ESTIMATED SERVICE LIFE	
Buildings & Structures	25-50 Years
Infrastructure	13-100 Years
Improvement Other Than Buildings	5-50 Years
Machinery & Equipment	2-20 Years

**Pensions (see note 6 – Pension Plans)**

For purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of all state sponsored pension plans and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by the Washington State Department of Retirement Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Other Post-Employment Benefits (OPEB) Plans (see note 7– Defined Benefit Other Post-Employment Benefits (OPEB) Plans)**

Lifetime full medical coverage is provided to uniformed Police and Fire personnel who became members of the Law Enforcement Officers and Fire Fighters (LEOFF) retirement system prior to October 1, 1977. A liability for the accumulated unfunded actuarially required contributions is reported in the Statement of Net Position. Actual medical costs are reported as expenditures in the general fund in the year they are incurred.

**Compensated Absences**

Employees may accumulate up to 180 days of sick leave. However, since the city does not have a policy to pay any amounts when employees separate from service with the government, there is no liability recorded for unpaid accumulated sick leave. Sick leave pay is recorded as an expense/expenditure upon usage. Eligible employees accumulate 10 to 25 days of vacation annually depending upon the employee's length of service, but may not accumulate more than two full years of earned accrual.

At the time of retirement or separation from the City, employees will be compensated for any unpaid accumulated vacation leave up to 240 hours.

**Unearned Revenues**

This account includes amounts recognized as receivables but not revenues in governmental funds because the revenue recognition criteria have not been met.

**Deferred Outflow/Inflows of Resources**

Deferred outflow of resources is the consumption of net position that is applicable to a future reporting period. A deferred outflow of resources involved no consumption of resources that results in either a net decrease in assets or a net increase in liabilities. It also represents access to present service capability that is under the government's controls. Deferred outflows of resources presented in this manner on the accompanying financial statements are related to outstanding debt, pension, OPEB, property taxes and court receivables.

Deferred inflow of resources is the acquisition of net position that is applicable to a future reporting period. A deferred inflow of resources involved no acquisition of resources resulting in either a net increase in assets or a new decrease in liabilities. It represents a present obligation to sacrifice resources that the government has little or no discretion to avoid. Deferred inflow of resources presented in this manner on the accompanying financial statements are related to outstanding debt, OPEB and pension.

**Long-term Debt (see note 9-Long-Term Debt)**

Liabilities for long-term debt are recorded in the government-wide statement of net position and in the proprietary funds balance sheet. The liabilities include bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

For governmental funds financial statements, bond issuance costs are expended at the time of issuance. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bond proceeds are reported as other financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as a debt service expenditure. The nature of debt in the governmental activity is specific to a program and, therefore; debt service costs are not an allocated expenditure.

**Net Position and Fund Balance**

Net Position is segregated into three categories on the government-wide statement of net position: 1) net investment in capital assets; 2) restricted; and 3) unrestricted. The flow assumption of the City is to use restricted assets before unrestricted assets. Restricted assets are usually set aside in a separate fund, specifically used for the purpose of debt service or capital.

Fund balances, with the implementation of GASB 54, presented in the governmental fund financial statements represent the difference between assets and liabilities reported within the government fund. Fund balance is classified into the following categories:

Non-spendable – items that cannot be spent due to form; inventories, prepaid amounts, long-term loan receivables, or amounts that must be maintained intact legally.

Spendable - amounts are further segregated into categories based on the degree to which the uses of resources are constrained. When an expenditure is incurred for which restricted and unrestricted amounts are available, the City considers restricted amounts to be used first, followed by committed, then assigned, and lastly, unassigned amounts.

Restricted – amounts constrained for specific purposes imposed by external parties, such as those resulting from federal and state legislation, grant awards, bond covenants, and inter-local service agreements.

Committed – fund balance constrained by ordinance or resolution is adopted by City council and requires the same action to remove the constraint. In Washington State, ordinances and resolutions carry the same force of law.

Assigned – constraints that are neither restricted or committed, are considered assigned. Assignments are adopted by City Council through the budget ordinance. Special revenue funds typically report the majority of assigned fund balance and are created through ordinance by City Council. Fund balance in special revenue funds that are intended to be used for specific purposes, but are neither restricted or committed, include transfers from other funds, investment interest not constrained by contract or covenant, fees for services and rents.

Unassigned – any remaining fund balance in the general fund not classified as non-spendable, restricted, committed or assigned is considered unassigned. Also negative fund balance in any other governmental fund is unassigned. Also, the City's financial policies require a minimum of 10% of General Funds budgeted revenues (less beginning fund balance) be held in reserve. The reserves can be used for anything that council feels is necessary and therefore is reported as unassigned. Any and all expenditures from the reserve require a super majority vote by the entire City Council.

**NOTE 2 - DEPOSITS AND INVESTMENTS**

**Deposits**

The City's deposits and certificates of deposit are entirely covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC)

<b>Cash and Deposits</b>	<b>Total</b>
Cash on Hand	\$ 4,750
FDIC Insured Bank Deposits	\$ 6,464,036
<b>Total Cash and Deposits</b>	<b>\$ 6,648,786</b>

**Investments**

As required by state law, all investments of the City’s funds are obligations of the U.S. Government, U.S. agency issues, obligations of the State of Washington, the State of Washington Local Government Investment Pool, or certificates of deposit with Washington State Banks.

The City is a participant in the Local Government Investment Pool (LGIP) which was authorized by Chapter 294, Laws of 1986, and is managed and operated by the Washington State Treasurer. The State Finance Committee is the administrator of the statute that created the pool and adopts rules. The State Treasurer is responsible for establishing the investment policy for the pool and reviews the policy annually and proposed changes are reviewed by the LGIP advisory Committee.

Investments in the LGIP, a qualified external investment pool, are reported at amortized cost which approximates fair value. The LGIP is an unrated external investment pool. The pool portfolio is invested in a manner that meets the maturity, quality, diversification and liquidity requirements set forth by the GASBS 79 for external investments pools that elect to measure, for financial reporting purposes, investments at amortized cost. The LGIP does not have any legally binding guarantees of share values. The LGIP does not impose liquidity fees or redemption gates on participant withdrawals.

The Office of the State Treasurer prepared a stand-alone LGIP financial report. A copy of the report is available from the Office of the State Treasurer, PO Box 40200, Olympia, Washington 98504-0200, online at <http://www.tre.wa.gov>.

*Credit Risk* - Safety of principal is the foremost objective of the City’s investment program. City investments are undertaken in a conservative manner that seeks to ensure the preservation of the portfolio’s capital. The City holds investments in government agencies all of which hold AAA ratings from Standard & Poor’s and Aaa from Moody’s Investor Services.

*Custodial Credit Risk* is the risk that in the event of a bank failure, the City’s investments may not be recovered. All City securities are held for safekeeping by US Bank.

*Concentration of Credit Risk* – Concentration of credit risk is the risk of loss attributed to the magnitude of the City’s investment in a single issuer. Safety of the principal is the foremost objective of the investment program. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio.

*Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates of debt instruments will adversely affect the fair value of an investment. To mitigate the effect of interest rate risk, the portfolio is invested in high quality, highly liquid obligations with limited maximum and average maturities. The City’s investment policy limits the effective duration of the portfolio to a maximum of five with a weighted average maturity of two years.

**Investments that are not measured at fair value**

As of December 31, 2020, the City had the following investments at amortized cost reported as cash equivalents:

Investment Type	Maturities	Total
CD – Bank of America	6/30/21	11,670
Deposit Account – Opus Bank	-	2,807,665
State Pool Bond #1	-	1,675,932
State Pool Bond #2	-	1,988,324
State Pool Bond #3	-	13,008,905
State Pool Primary	-	28,899,674
<b>Total Deposits</b>	-	<b>\$ 48,392,170</b>

Investments measured at fair value

Investments and maturities

Investment Type	Fair Value	Less Than 1 Year	1 to 4 Years
Federal Farm Credit Bank	\$ 6,818,826	\$ 1,019,871	\$ 5,798,955
Federal Home Loan Bank	12,916,031	3,556,720	9,359,311
Federal National Mortgage Association	4,808,763	506,200	4,302,563
Federal Home Loan Mortgage Association	7,791,351	-	7,791,351
US Treasury Notes	6,072,032	6,072,032	-
Municipal Bonds	253,470	-	253,470
<b>Total Investments</b>	<b>\$ 38,660,473</b>	<b>\$ 11,154,823</b>	<b>\$ 27,505,650</b>

The City measures and reports investments at fair value using the valuation input hierarchy established by generally accepted account principles as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities
- Level 2 – These are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable
- Level 3 – Unobservable inputs for an asset or liability

Investment Type	Fair Value	Quotes Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)
Federal Agency Securities	\$ 32,334,971	\$ -	\$ 32,334,971
US Treasury Securities	6,072,032	\$6,072,032	-
Municipal Bonds	253,470	\$253,470	-
<b>Total Investments</b>	<b>\$ 38,660,473</b>	<b>\$ 6,325,502</b>	<b>\$ 32,334,971</b>

Reconciliation of cash deposits and investments are detailed in the following table:

Cash Deposits and Investments	Fair Value	Cost Based Measure	Total
Federal Farm Credit Bank	\$ 6,818,826	\$ -	\$ 6,818,826
Federal Home Loan Bank	12,916,031	-	12,916,031
Federal National Mortgage Association	4,808,763	-	4,808,763
Federal Home Loan Mortgage Association	7,791,351	-	7,791,351
US Treasury Notes	6,072,032	-	6,072,032
Municipal Bonds	253,470	-	253,470
Cash on Hand	-	4,750	4,750
FDIC Insured Deposits (KeyBank)	-	6,464,036	6,464,036
State Pool Bond #1	-	1,675,932	1,675,932
State Pool Bond #2	-	1,988,324	1,988,324
State Pool Bond #3	-	13,008,905	13,008,905
State Pool	-	28,899,674	28,899,674
Deposit Account – Opus Bank	-	2,807,665	2,807,665
<b>Total Cash Deposits &amp; Investments</b>	<b>\$ 38,660,473</b>	<b>\$ 54,849,286</b>	<b>\$93,509,759</b>

**NOTE 3 - PROPERTY TAXES:**

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Collections are distributed at/after the end of each month. Properties listed on the County tax rolls as of May 31 are included in the annual tax levy January 1. New construction through August 31 is included in the annual tax levy the following January 1.

Property Tax Calendar	
January 1	Taxes are levied and become an enforceable lien against properties
February 14	Tax bills are mailed
April 30	First of two equal installment payments is due
May 31	Assessed value of property established for next year's levy at 100% of market value
October 31	Second installment is due

Property tax revenues are recognized in the year levied. At year-end, property tax revenues are recognized for collections to be distributed by the County Treasurer within sixty days and an adjustment to taxes receivable and deferred revenue is made to account for delinquent taxes. No allowance for uncollectible taxes is established because delinquent taxes are considered fully collectible.

The City may levy up to \$3.60 per \$1,000 of assessed valuation for general governmental services, subject to two limitations:

- a. Washington State law in RCW 84.55.010 limits the growth of regular property taxes to 1 percent per year, after adjustments for new construction.
- b. The Washington State Constitution limits the total regular property taxes to 1 percent of all assessed valuation of \$10 per \$1,000 of value. If the taxes of all districts exceed this amount, each is proportionately reduced until the total is at or below the 1 percent limit.

The City's regular levy for 2020 was \$1.6514 per \$1,000 on an assessed valuation of \$8,863,283,518.

Purpose of Levy	Levy Rate Per \$1,000	Total Levy Amount
General Government	1.1514	\$ 10,205,420
Emergency Medical Service (EMS)	.5000	4,431,642
<b>Total City Levy</b>	<b>\$ 1.6514</b>	<b>\$ 14,637,062</b>

**NOTE 4 - CAPITAL ASSETS AND DEPRECIATION**

A summary of changes in governmental capital assets follows:

GOVERNMENTAL ACTIVITIES	BEGINNING BALANCE 01/01/2020	PRIOR PERIOD ADJUSTMENT	ADDITIONS	DELETIONS	ENDING BALANCE 12/31/2020
Capital assets, not being depreciated:					
Land	35,520,997	-	600,374	(4,070)	36,117,301
Construction in progress	19,824,442	2,730,794	45,195,850	(1,272,272)	66,478,814

Less Current Debt Principal	(4,390,757)
Less Debt Premium	(2,223,715)
Plus Deferred Outflow Related to Debt	336,115
Net investments in capital assets	138,698,538

**Depreciation**

Depreciation expense was charged to the following functions/programs of the primary government as follows:

**Governmental Activities**

General Government Services	\$ 179,804
Protection of Persons & Property	69,249
Physical Environment	6,581
Transportation	2,021,477
Culture & Recreation	191,525
Internal Service	1,153,697
Total Depreciation-Governmental Activities	\$ 3,622,333

**Business-type Activities**

Waterworks Utility	\$ 7,373,037
Golf	35,427
Total Depreciation-Business-Type Activities	\$ 7,408,464

**Construction Commitments**

As of December 31, 2020, the City had other outstanding contractual commitments, which include construction and engineering contracts for capital projects currently in progress. The City's outstanding contract obligations are summarized below:

Project	Expended To Date	Remaining Commitment
Parks Construction	\$ 1,827,504	\$ 93,519
Street Construction	\$12,388,420	\$6,300,309
Utility Construction	\$ 5,361,941	\$ 614,698
<b>Total</b>	<b>\$19,577,865</b>	<b>\$7,008,526</b>

**NOTE 5 - PENSION PLANS**

The following table represents the aggregate pension amounts for all plans for the year 2020:

Aggregate Pension Amounts – All Plans	
Pension liabilities	(6,565,357)
Pension assets	4,914,393
Deferred outflows of resources	3,602,951
Deferred inflows of resources	(3,014,769)
Pension expense/expenditures	286,815

**State Sponsored Pension Plans**

Substantially all City full-time and qualifying part-time employees participate in one of the following statewide retirement systems administered by the Washington State Department of Retirement Systems, under cost-sharing, multiple-employer public employee defined benefit and defined contribution retirement plans. The state Legislature establishes, and amends, laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available annual comprehensive financial report that includes financial statements and required supplementary information for each plan. The DRS annual comprehensive financial report may be obtained by writing to: Department of Retirement Systems, Communications Unit, P.O. Box 48380, Olympia, WA 98540-8380.

Or the DRS annual comprehensive financial report may be downloaded from the DRS website at [www.drs.wa.gov](http://www.drs.wa.gov).

**Public Employees' Retirement System (PERS)**

PERS members include elected officials; state employees; employees of the Supreme, Appeals and Superior Courts; employees of the legislature; employees of district and municipal courts; employees of local governments; and higher education employees not participating in higher education retirement programs. PERS is comprised of three separate pension plans for membership purposes. PERS plans 1 and 2 are defined benefit plans, and PERS plan 3 is a defined benefit plan with a defined contribution component.

**PERS Plan 1** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service. Members retiring from active status prior to the age of 65 may receive actuarially reduced benefits. Retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PERS 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

**Contributions**

The **PERS Plan 1** member contribution rate is established by State statute at 6 percent. The employer contribution rate is developed by the Office of the State Actuary and includes an administrative expense component that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 1 employer contribution rates. The PERS Plan 1 required contribution rates (expressed as a percentage of covered payroll) for 2020 were as follows:

<b>PERS Plan 1</b>		
<b>Actual Contribution Rates:</b>	<b>Employer</b>	<b>Employee*</b>
January – August 2020		
PERS Plan 1	7.92%	6.00%
PERS Plan 1 UAAL	4.76%	
Administrative Fee	0.18%	
<b>TOTAL</b>	<b>12.86%</b>	<b>6.00%</b>
September – December 2020		
PERS Plan 1	7.92%	6.00%
PERS Plan 1 UAAL	4.87%	
Administrative Fee	0.18%	
<b>TOTAL</b>	<b>12.97%</b>	<b>6.00%</b>

\* For employees participating in JBM, the contribution rate was 12.26%

**PERS Plan 2/3** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service for Plan 2 and 1 percent of AFC for Plan 3. The AFC is the average of the member's 60 highest-paid consecutive service months. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. PERS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a benefit that is reduced by a factor that varies according to age for each year before age 65. PERS Plan 2/3 members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions:

- With a benefit that is reduced by three percent for each year before age 65; or
- With a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules.

PERS Plan 2/3 members hired on or after May 1, 2013 have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service credit. PERS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other PERS Plan 2/3 benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty related death benefit, if found eligible by the Department of Labor and Industries. PERS 2 members are vested after completing five years of eligible service. Plan 3 members are vested in the defined benefit portion of their plan after ten years of service; or after five years of service if 12 months of that service are earned after age 44.

**PERS Plan 3** defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. PERS Plan 3 members choose their contribution rate upon joining membership and have a chance to change rates upon changing employers. As established by statute, Plan 3 required defined contribution rates are set at a minimum of 5 percent and escalate to 15 percent with a choice of six options. Employers do not contribute to the defined contribution benefits. PERS Plan 3 members are immediately vested in the defined contribution portion of their plan.

**Contributions**

The **PERS Plan 2/3** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. The Plan 2/3 employer rates include a component to address the PERS Plan 1 UAAL and an administrative expense that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 2 employer and employee contribution rates and Plan 3 contribution rates. The PERS Plan 2/3 required contribution rates (expressed as a percentage of covered payroll) for 2020 were as follows:

<b>PERS Plan 2/3</b>		
<b>Actual Contribution Rates:</b>	<b>Employer 2/3</b>	<b>Employee 2*</b>
January – August 2020		
PERS Plan 2/3	7.92%	7.90%
PERS Plan 1 UAAL	4.76%	
Administrative Fees	0.18%	
Employee PERS Plan 3		Varies
<b>TOTAL</b>	<b>12.86%</b>	<b>7.90%</b>
September – December 2020		
PERS Plan 2/3	7.92%	7.90%
PERS Plan 1 UAAL	4.87%	
Administrative Fee	0.18%	
Employee PERS Plan 3		Varies
<b>TOTAL</b>	<b>12.97%</b>	<b>7.90%</b>

\* For employees participating in JBM, the contribution rate was 19.75%.

The City's actual PERS plan contributions were \$960,316 to PERS Plan 1 and \$1,478,528 to PERS Plan 2/3 for the year ended December 31, 2020.

**Public Safety Employees' Retirement System (PSERS)**

PSERS Plan 2 was created by the 2004 Legislature and became effective July 1, 2006. To be eligible for membership, an employee must work on a full time basis and:

- Have completed a certified criminal justice training course with authority to arrest, conduct criminal investigations, enforce the criminal laws of Washington, and carry a firearm as part of the job; or
- Have primary responsibility to ensure the custody and security of incarcerated or probationary individuals; or
- Function as a limited authority Washington peace officer, as defined in RCW 10.93.020; or
- Have primary responsibility to supervise eligible members who meet the above criteria.

PSERS membership includes:

- PERS 2 or 3 employees hired by a covered employer before July 1, 2006, who met at least one of the PSERS eligibility criteria and elected membership during the period of July 1, 2006 to September 30 2006; and
- Employees hired on or after July 1, 2006 by a covered employer, that meet at least one of the PSERS eligibility criteria.

PSERS covered employers include:

- Certain State of Washington agencies (Department of Corrections, Department of Natural Resources, Gambling commission, Liquor Control Board, Parks and Recreation Commission, and Washington State Patrol),
- Washington State Counties,
- Washington State Cities (except for Seattle, Spokane, and Tacoma),
- Correctional entities formed by PSERS employers under the Interlocal Cooperation Act.

PSERS Plan 2 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the average final compensation (AFC) for each year of service. The AFC is based on the member's 60 consecutive highest creditable months of service. Benefits are actuarially reduced for each year that the member's age is less than 60 (with ten or more service credit years in PSERS), or less than 65 (with fewer than ten service credit years). There is no cap on years of service credit. Members are eligible for retirement at the age of 65 with five years of service; or at the age of 60 with at least ten years of PSERS service credit; or at age 53 with 20 years of service. Retirement before age 60 is considered an early retirement. PSERS members who retire prior to the age of 60 receive reduced benefits. If retirement is at age 53 or older with at least 20 years of service, a three percent per year reduction for each year between the age at retirement and age 60 applies. PSERS Plan 2 retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability

payments, an optional cost-of living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PSERS Plan 2 members are vested after completing five years of eligible service.

**Contributions**

The **PSERS Plan 2** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2. The Plan 2 employer rates include components to address the PERS Plan 1 unfunded actuarial accrued liability and administrative expense currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 2 employer and employee contribution rates.

The PSERS Plan 2 required contribution rates (expressed as a percentage of current-year covered payroll) for 2020 were as follows:

<b>PSERS Plan 2</b>		
<b>Actual Contribution Rates:</b>	<b>Employer</b>	<b>Employee</b>
January – August 2020		
PSERS Plan 2	7.20%	7.20%
PERS Plan 1 UAAL	4.76%	
Administrative Fee	0.18%	
<b>TOTAL</b>	<b>12.14%</b>	<b>7.20%</b>
September – December 2020		
PSERS Plan 2	7.20%	7.20%
PERS Plan 1 UAAL	4.87%	
Administrative Fee	0.18%	
<b>TOTAL</b>	<b>12.25%</b>	<b>7.20%</b>

The City's actual contributions to the plan were \$83,119 to PSERS Plan 2 and \$55,390 to PERS Plan 1 for the year ended December 31, 2020.

**Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF)**

LEOFF membership includes all full-time, fully compensated, local law enforcement commissioned officers, firefighters, and as of July 24, 2005, emergency medical technicians. LEOFF is comprised of two separate defined benefit plans.

**LEOFF Plan 1** provides retirement, disability and death benefits. Retirement benefits are determined per year of service calculated as a percent of final average salary (FAS) as follows:

- 20+ years of service            2.0% of FAS
- 10-19 years of service        1.5% of FAS
- 5-9 years of service            1.0% of FAS

The FAS is the basic monthly salary received at the time of retirement, provided a member has held the same position or rank for 12 months preceding the date of retirement. Otherwise, it is the average of the highest consecutive 24 months' salary within the last ten years of service. Members are eligible for retirement with five years of service at the age of 50. Other benefits include duty and non-duty disability payments, a cost-of living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. LEOFF 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

**Contributions**

Starting on July 1, 2000, **LEOFF Plan 1** employers and employees contribute zero percent, as long as the plan remains fully funded. The LEOFF Plan 1 had no required employer or employee contributions for fiscal year 2020. Employers paid only the administrative expense of 0.18 percent of covered payroll.

**LEOFF Plan 2** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the final average salary (FAS) per year of service (the FAS is based on the highest consecutive 60 months). Members are eligible for retirement with a full benefit at 53 with at least five years of service credit. Members who retire prior to the age of 53 receive reduced benefits. If the member has at least 20 years of service and is age 50, the reduction is three percent for each year prior to age 53. Otherwise, the benefits are actuarially reduced for each year prior to age 53. LEOFF 2 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. LEOFF 2 members are vested after the completion of five years of eligible service.

**Contributions**

The **LEOFF Plan 2** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2. The employer rate included an administrative expense component set at 0.18 percent. Plan 2 employers and employees are required to pay at the level adopted by the LEOFF Plan 2 Retirement Board.

Effective July 1, 2017, when a LEOFF employer charges a fee or recovers costs for services rendered by a LEOFF 2 member to a non-LEOFF employer, the LEOFF employer must cover both the employer and state contributions on the LEOFF 2 basic salary earned for those services. The state contribution rate (expressed as a percentage of covered payroll) was 3.44% as of July 1, 2020.

The LEOFF Plan 2 required contribution rates (expressed as a percentage of covered payroll) for 2020 were as follows:

<b>LEOFF Plan 2</b>		
<b>Actual Contribution Rates:</b>	<b>Employer</b>	<b>Employee</b>
January – December 2020		
State and local governments	5.15%	8.59%
Administrative Fee	0.18%	
<b>TOTAL</b>	<b>5.33%</b>	<b>8.59%</b>
Ports and Universities	8.59%	
Administrative Fee	0.18%	
<b>TOTAL</b>	<b>8.77%</b>	<b>8.59%</b>

The City's actual contributions to the plan were \$ 460,558 for the year ended December 31, 2020.

The Legislature, by means of a special funding arrangement, appropriates money from the state General Fund to supplement the current service liability and fund the prior service costs of Plan 2 in accordance with the recommendations of the Pension Funding Council and the LEOFF Plan 2 Retirement Board. This special funding situation is not mandated by the state constitution and could be changed by statute. For the state fiscal year ending June 30, 2020, the state contributed \$76,297,643 to LEOFF Plan 2. The amount recognized by the City as its proportionate share of this amount is \$ 4,604,277.

**Actuarial Assumptions**

The total pension liability (TPL) for each of the DRS plans was determined using the most recent actuarial valuation completed in 2020 with a valuation date of June 30, 2019. The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary's (OSA) *2013-2018 Demographic Experience Study* and the *2017 Economic Experience Study*.

Additional assumptions for subsequent events and law changes are current as of the 2019 actuarial valuation report. The TPL was calculated as of the valuation date and rolled forward to the measurement date of June 30, 2020. Plan liabilities were rolled forward from June 30, 2019, to June 30, 2020, reflecting each plan's normal cost (using the entry-age cost method), assumed interest and actual benefit payments.

- **Inflation:** 2.75% total economic inflation; 3.5% salary inflation
- **Salary increases:** In addition to the base 3.5% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
- **Investment rate of return:** 7.4%

Mortality rates were based on the RP-2000 report's Combined Healthy Table and Combined Disabled Table, published by the Society of Actuaries. The OSA applied offsets to the base table and recognized future improvements in mortality by projecting the mortality rates using 100 percent Scale BB. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout his or her lifetime.

There were changes in methods and assumptions since the last valuation.

- OSA updated the valuation to reflect demographic assumptions within the 2013-18 Demographic Experience Study. The impact of the new assumptions varies, with some systems showing an increase in expected future costs while other systems point to lower plan costs.
- OSA updated the Plan 2/3 results to now include liabilities and assets for the Total Allocation Portfolio (TAP) annuities purchased by Plan 3 retirees of PERS, TRS, and SERS. The Plans 2/3 funded ratios and rounded contribution rates were not impacted by this change.

**Discount Rate**

The discount rate used to measure the total pension liability for all DRS plans was 7.4 percent.

To determine that rate, an asset sufficiency test included an assumed 7.5 percent long-term discount rate to determine funding liabilities for calculating future contribution rate requirements. (All plans use 7.5 percent except LEOFF 2, which has assumed 7.4 percent). Consistent with the long-term expected rate of return, a 7.4 percent future investment rate of return on invested assets was assumed for the test. Contributions from plan members and employers are assumed to continue being made at contractually required rates (including PERS 2/3, PSERS 2, SERS 2/3, and TRS 2/3 employers, whose rates include a component for the PERS 1, and TRS 1 plan liabilities). Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.4 percent was used to determine the total liability.

**Long-Term Expected Rate of Return**

The long-term expected rate of return on the DRS pension plan investments of 7.4 percent was determined using a building-block-method. In selecting this assumption, the Office of the State Actuary (OSA) the historical experience data, considered the historical conditions that produced past annual investment returns, and considered capital market assumptions and simulated expected investment returns provided by the Washington State Investment Board (WSIB). The WSIB uses the capital market assumptions and their target asset allocation to simulate future investment returns at various future times.

**Estimated Rates of Return by Asset Class**

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020, are summarized in the table below. The inflation component used to create the table is 2.2 percent and represents the WSIB's most recent long-term estimate of broad economic inflation.

Asset Class	Target Allocation	% Long-Term Expected Real Rate of Return Arithmetic
Fixed Income	20%	2.20%
Tangible Assets	7%	5.10%
Real Estate	18%	5.80%
Global Equity	32%	6.30%
Private Equity	23%	9.30%
	<b>100%</b>	

**Sensitivity of Net Pension Liability/(Asset)**

The table below presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.4 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.4 percent) or 1-percentage point higher (8.4 percent) than the current rate.

	1% Decrease (6.4%)	Current Discount Rate (7.4%)	1% Increase (8.4%)
PERS 1	\$ 5,715,519	\$ 4,563,082	\$ 3,558,038
PERS 2/3	12,458,690	2,002,275	(6,608,589)
PSERS 2	249,216	(22,892)	(238,252)
LEOFF 1	(233,785)	(287,223)	(333,456)
LEOFF 2	(91,151)	(4,604,277)	(8,299,627)

**Pension Plan Fiduciary Net Position**

Detailed information about the State's pension plans' fiduciary net position is available in the separately issued DRS financial report.

**Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2020, the City reported a total pension liability of \$6,565,357 and a total pension asset of (\$4,914,393) for its proportionate share of the net pension liabilities as follows:

	Liability (or Asset)
PERS 1	\$ 4,563,082
PERS 2/3	2,002,275
PSERS 2	(22,892)
LEOFF 1	(287,223)
LEOFF 2	(4,604,277)

The amount of the liability/ (asset) reported above for LEOFF Plans 1 and 2 reflects a reduction for State pension support provided to the City. The amount recognized by the City as its proportionate share of the net pension asset the related State support, and the total portion of the net pension asset that was associated with the City were as follows:

	LEOFF 1 Asset	LEOFF 2 Asset
Employer's proportionate share	(287,223)	(4,604,277)
State's proportionate share of the net pension liability/(asset) associated with the employer	(1,942,771)	(2,944,086)
<b>TOTAL</b>	<b>(2,229,995)</b>	<b>(7,548,363)</b>

At June 30, the City's proportionate share of the collective net pension liabilities was as follows:

	Proportionate Share 6/30/19	Proportionate Share 6/30/20	Change in Proportion
PERS 1	.138175%	.129246%	(.008929%)
PERS 2/3	.164246%	.156557%	(.007689%)
PSERS 2	.197848%	.166369%	(.031479%)
LEOFF 1	.015669%	.015209%	(.000460%)
LEOFF 2	.240505%	.225716%	(.014789%)

Employer contribution transmittals received and processed by the DRS for the fiscal year ended June 30 are used as the basis for determining each employer's proportionate share of the collective pension amounts reported by the DRS in the *Schedules of Employer and Nonemployer Allocations* for all plans except LEOFF 1.

LEOFF Plan 1 allocation percentages are based on the total historical employer contributions to LEOFF 1 from 1971 through 2000 and the retirement benefit payments in fiscal year 2020. Historical data was obtained from a 2011 study by the Office of the State Actuary (OSA). In fiscal year 2020, the state of Washington contributed 87.12 percent of LEOFF 1 employer contributions and all other employers contributed the remaining 12.88 percent of employer contributions. LEOFF 1 is fully funded and no further employer contributions have been required since June 2000. If the plan becomes underfunded, funding of the remaining liability will require new legislation. The allocation method the plan chose reflects the projected long-term contribution effort based on historical data.

In fiscal year 2020, the state of Washington contributed 39.00 percent of LEOFF 2 employer contributions pursuant to RCW 41.26.725 and all other employers contributed the remaining 61.00 percent of employer contributions.

The collective net pension liability (asset) was measured as of June 30, 2020, and the actuarial valuation date on which the total pension liability (asset) is based was as of June 30, 2019, with update procedures used to roll forward the total pension liability to the measurement date.

**Pension Expense**

For the year ended December 31, 2020, the City recognized pension expense as follows:

	Pension Expense
PERS 1	\$ (146,168)
PERS 2/3	216,708
PSERS 2	50,247
LEOFF 1	(6,612)
LEOFF 2	172,640
<b>TOTAL</b>	<b>286,815</b>

**Deferred Outflows of Resources and Deferred Inflows of Resources**

At December 31, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>PERS 1</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	-	-
Net difference between projected and actual investment earnings on pension plan investments	-	(25,406)
Changes of assumptions	-	-
Changes in proportion and differences between contributions and proportionate share of contributions	-	-
Contributions subsequent to the measurement date	486,878	-
<b>TOTAL</b>	<b>486,878</b>	<b>(25,406)</b>

<b>PERS 2/3</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	716,785	(250,933)
Net difference between projected and actual investment earnings on pension plan investments	-	(101,687)
Changes of assumptions	28,518	(1,367,727)
Changes in proportion and differences between contributions and proportionate share of contributions	386,377	(246,434)
Contributions subsequent to the measurement date	745,664	-
<b>TOTAL</b>	<b>1,877,344</b>	<b>(1,966,781)</b>

<b>PSERS 2</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	31,453	(1,712)
Net difference between projected and actual investment earnings on pension plan investments	1,224	-
Changes of assumptions	117	(43,275)
Changes in proportion and differences between contributions and proportionate share of contributions	-	(10,955)
Contributions subsequent to the measurement date	42,709	-
<b>TOTAL</b>	<b>75,503</b>	<b>(55,942)</b>

<b>LEOFF 1</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	-	-
Net difference between projected and actual investment earnings on pension plan investments	-	(3,004)
Changes of assumptions	-	-
Changes in proportion and differences between contributions and proportionate share of contributions	-	-
Contributions subsequent to the measurement date	-	-
<b>TOTAL</b>	<b>-</b>	<b>(3,004)</b>

<b>LEOFF 2</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	637,078	(81,661)
Net difference between projected and actual investment earnings on pension plan investments	-	(51,318)
Changes of assumptions	6,670	(712,946)
Changes in proportion and differences between contributions and proportionate share of contributions	273,300	(117,712)
Contributions subsequent to the measurement date	246,177	-
<b>TOTAL</b>	<b>1,163,225</b>	<b>(963,637)</b>

Deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2021. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	PERS 1	PERS 2/3	PSERS 2	LEOFF1	LEOFF 2
2021	(115,291)	(800,108)	(8,372)	(10,725)	(333,844)
2022	(3,626)	(167,880)	(3,472)	(559)	(30,651)
2023	35,178	66,303	762	3,049	83,050
2024	58,333	211,701	4,243	5,231	168,956
2025	-	(28,390)	(2,826)	-	(16,042)
Thereafter	-	(116,726)	(13,474)	-	81,942
<b>Total</b>	<b>(25,406)</b>	<b>(835,100)</b>	<b>(23,147)</b>	<b>(3,004)</b>	<b>(46,589)</b>

**NOTE 6 – DEFINED BENEFIT OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLANS**

The following table represents the OPEB amounts for all plans subject to the requirements of GASB 75 for the year 2020.

Aggregate OPEB Amounts – All Plans	
OPEB liabilities	(3,864,599)
Deferred outflows of resources	70,934
OPEB expense/expenditures	206,057

**OPEB Plan Description**

As required by the Revised Code of Washington (RCW) Chapter 41.26, the City provides lifetime medical care for 7 LEOFF 1 retirees. The City provides medical insurance and reimbursements for all necessary hospital, medical, and nursing care expenses not payable by worker's compensation, social security, insurance provided by another employer, other pension plan, or any other similar source. Medical insurance for the retirees is provided by the City's employee medical insurance program. Under the authorization of the LEOFF Disability Board, direct payment is made for other retiree medical expenses not covered by standard medical plan benefit provisions.

The City provides health coverage for LEOFF 1 retirees through a medical plan purchased through the Association of Washington Cities (AWC) Employees Benefit Trust as a single employer plan. In addition, the City pays or reimburses eligible retired LEOFF 1 police officers the necessary usual and customary medical expenses in excess of those covered by the applicable insurance plan. The City also purchases a long-term care insurance plan for eligible LEOFF 1 members. Dental costs and dependents are not covered.

Employees covered by benefit terms – At December 31, 2020, the following employees were covered by the benefit terms:

Covered Employees	
Inactive employees or beneficiaries currently receiving benefits	7
Inactive employees entitled to but not yet receiving benefits	-
Active employees	-
<b>Total</b>	<b>7</b>

Funding for LEOFF 1 retiree healthcare costs is provided by the City as required by RCW. These medical benefits are funded on a pay-as-you-go basis through the General Fund and paid out of the Police Department budget. Health insurance premiums are paid monthly and long-term care insurance is paid annually. Other medical services are paid as billings are presented for reimbursement. The City reimbursed 100 percent of the amount of validated claims for medical costs incurred by these individuals.

**Assumptions and Other Inputs**

The City's Net OPEB Liability (OPEB) was calculated using the alternative measurement method in accordance with the parameters of GASB Statement 75 for employers in plans with fewer than one hundred total plan members utilizing the interactive tool developed by the Office of the State Actuary (OSA) for use by local government. The following assumptions were used to measure the total Net OPEB Liability:

**Discount Rate**

Beginning of Measurement Year	3.50%
End of Measurement Year	2.21%

**Healthcare Trend Rates**

Medical Costs	Initial rate is about 6%, trends down to about 5% in the 2020's The City assumed no excise tax.
---------------	--

Long-Term Care	4.5%
Medicare Part B Premiums	Approximately 5%, varies by year
<b>Mortality Rates (assume 100% male population)</b>	
Base Mortality Table	RP-2000 Mortality Table +1 year Healthy/-2 years Disabled
Age Setback	Blended 50%/50% Healthy/Disabled
Mortality Improvements	100% Scale BB
Projection Period	Generational
<b>Medicare Participation Rate</b>	100%

The following presents the total OPEB liability for the City of Marysville calculated using the current healthcare cost trend rate of 6.8 percent. As well as what the OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.8%) or 1-percentage point higher (7.8%) that the current rate.

	1% Decrease (5.8%)	Current Healthcare Cost Trend Rate (6.8%)	1% Increase (7.8%)
Total OPEB Liability	\$ 3,456,542	\$ 3,864,599	\$ 4,326,054

The following presents the total OPEB liability of the City of Marysville calculated using the discount rate of 3.5 percent, as well as what the OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.5%) or 1-percentage point higher (4.5%) that the current rate.

	1% Decrease (2.5%)	Current Discount Rate (3.5%)	1% Increase (4.5%)
Total OPEB Liability	\$ 4,362,092	\$ 3,864,599	\$ 3,445,360

**Changes in the Total OPEB Liability**

For 2020, a schedule of changes in the total OPEB liability is reported below.

<b>LEOFF 1</b>	
<b>Total OPEB Liability at 1/1/2020</b>	3,646,105
Interest	125,054
Changes of experience data & assumption	240,987
Benefit payment	(147,547)
<b>Total OPEB Liability as 12/31/2020</b>	<b>(3,864,599)</b>

The measurement date of 6/30/2020 was used in the calculation. The city uses the alternative measurement method in accordance with GASB 75. A \$206,057 OPEB expenses was recognized in 2020.

At December 31, 2020 the city reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

<b>LEOFF 1</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	-	-
Changes of assumptions	-	-
Payments subsequent to the measurement date	70,934	-
<b>TOTAL</b>	<b>70,934</b>	<b>-</b>

**NOTE 7 – RISK MANAGEMENT**

The City is exposed to financial loss resulting from city-caused damage to property or persons, bodily injuries, natural disasters, and unemployment compensation benefits paid to former employees. Individual internal service funds are used to account for and finance self-insurance activities. These include unemployment compensation and general liability. The city purchases commercial insurance for claims in excess of anticipated

self-insured losses. Premiums paid to these funds by other governmental funds are used to pay for administrative costs, claims, and risk transfer/insurance.

Unemployment Compensation Insurance

In October 2018, the City Council signed resolution 2453 changing the payment method for the City's Unemployment Insurance. In January, 2019, the City started collecting premiums from other governmental funds and making payments to reimburse the State of Washington Employment Security Department on a quarterly basis for unemployment compensation claims paid to former employees.

Liability Insurance

The City of Marysville purchases a variety of insurance coverages to protect itself from unexpected financial loss. Liability coverage is in force with limits up to \$25,000,000, subject to a self-insured retention of \$100,000, which applies on a per occurrence basis. Coverage includes automobile liability, general liability, law enforcement liability, and public officials liability, employment practices liability, employee benefit liability, and Washington Stop Gap coverage. Claims are administered by the City with the assistance from Defense Counsel depending on the need, and subject to involvement from our excess insurers should a loss exceed our self-insured retention. Insurance for property, equipment breakdown, automobile physical damage, cyber, and pollution related exposures is also in place. A brief summary of insurance in force is as follows:

<b>Policy Type</b>	<b>Limits of insurance</b>	<b>Carrier</b>	<b>Deductible</b>
Commercial Property, Equipment Breakdown, Automobile Physical Damage, and Boiler & Machinery Insurance	\$200,000,000 All Risk \$100,000,000 Boiler & Machinery \$25,000,000 Flood \$ 5,000,000 Flood Zones A&V \$ 100,000 Unscheduled Business Interruption \$50,000,000 Extra Expense	Various Carriers	\$10,000
Earthquake	\$5,000,000	Everest Indemnity Insurance Company	\$250,000
Commercial Cyber Liability Insurance	\$2,000,000 Aggregate \$ 500,000 Privacy Notification/Monitoring Costs	Lloyd's of London - Beazley Syndicate	\$75,000
Pollution	\$2,000,000 Aggregate	Interstate Fire and Casualty Company	\$150,000
Crime	\$2,500,000	National Union Fire Insurance Company of Pittsburgh, PA	\$10,000
General Liability	\$2,000,000 Each Occurrence	Safety National Casualty Corp	\$100,000 Self-Insured Retention
Auto Liability	\$2,000,000 Combined Single Limit Bodily Injury & Property Damage	Safety National Casualty Corp	\$100,000 Self-Insured Retention
Public Officials Liability	\$2,000,000 Each Wrongful Act	Safety Specialty Insurance Co.	\$100,000 Self-Insured Retention
Law Enforcement Liability	\$200,000,000 Each Occurrence Limit	Safety Specialty Insurance Co.	\$100,000 Self-Insured Retention

Excess Liability	\$5,000,000 xs \$20,000,000	Hallmark Specialty Insurance Co.	N/A

Since the city began to self-insure in 2019 there have been no claims which have exceeded the city's self-insurance limit.

At December 31, 2020, the city had available cash and investments in the self-insurance funds of \$ 2,086,726. The claims liability reported in the self-insurance funds is based on the requirements of GASB Statement 10. Prior to the issuance of the financial statements, GASB Statement 10 requires that a liability for claim be reported if it is probable that a liability has been incurred at the date of the financial statements and can be reasonably estimated. This estimated liability is not discounted to present value.

Changes in the self-insurance funds' claims liabilities in 2020.

	Insurance Fund	Unemployment Compensation Fund
December 31, 2019		
Beginning Liability	-	-
Claims Incurred	20,651	632
Claims Paid	5,651	-
Ending Liability	<u>15,000</u>	<u>632</u>
December 31, 2020		
Beginning Liability	15,000	632
Claims Incurred	95,950	14,085
Claims Paid	5,895	5,767
Ending Liability	<u>105,055</u>	<u>8,949</u>

In 2020, the City created a self-insured health benefits program for its employees as a means to contain rising health benefit costs. Medical Insurance Fund 512 was established to account for the distribution of actual medical expense, associated administrative costs and reserves for the program. The Association of Washington Cities continues to provide medical coverage for LEOFF 1 retirees, long term disability insurance and employees who chose Kaiser or Group Health insurance.

In order to mitigate its risk exposure, the City holds individual and aggregate stop loss insurance and maintains both claims fluctuation and liability reserves. The claims fluctuation liability reserve was \$1,052,266 at December 31, 2020 based on an analysis of the recent twelve months of incurred claims with applied monthly completion factors, as required by Washington Administrative Code (WAC) 200-110-040(a).

	Medical Insurance Fund
December 31, 2020	
Beginning Liability	-
Claims Incurred	3,682,288
Claims Paid	2,630,022
Ending Liability	<u>1,052,266</u>

**NOTE 8 – LONG-TERM DEBT**

The city issues general obligation bonds to finance the purchase, acquisition, and construction of significant capital assets. General obligation bonds have been issued for both general government and business-type activities and are being repaid from the applicable resources. Federal obligation bonds are direct obligations and pledge the full faith and credit of the government.

In August, 2020, the City issued \$11,590,000 in limited tax general obligation bonds with an average interest rate of 2.644% to provide additional funds for the construction of a new public safety building and other general government facilities.

In September, 2020 the City issued \$4,320,000 in limited tax general obligation bonds with an interest rate of 2.00% to refund \$4,320,000 of outstanding 2010 limited tax general obligation bonds. The aggregate difference in debt service between the refunded 2010 debt and the new 2020 issue was \$1,018,898 and resulted in a net present value savings of \$755,383. The refunded 2010 bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position.

General government obligation bonds outstanding at December 31, 2020 are as follows:

DESCRIPTION	DATE OF ISSUE	DATE OF FINAL MATURITY	INTEREST RATE (S)	AMOUNT ORIGINALLY ISSUED	REDEMPTION TO DATE	DEBT OUTSTANDING

At December 31, 2020, the City has \$ 643,023 available in governmental debt service funds to service the general bonded debt. Restricted assets in proprietary funds contain \$5,726,082 in sinking funds and reserves as required by bond indentures.

**NOTE 9 – LEASES**

**Lease Revenue**

The City entered into a lease with option to purchase agreement with the Boys and Girls Club of Snohomish County leasing a portion of the City facility located at 1010 Beach Avenue. The lease agreement began on January 1, 2010 and will terminate on December 31, 2024, with the option to extend an additional five years. The option to purchase the facility cannot be exercised prior to the termination of the lease period. This asset has a cost of \$ 1,777,533, accumulated depreciation of \$125,544 and a carrying value of \$1,651,989. Non-cancelable lease provides for a minimum annual payment as follows:

Year Ending December 31	Minimum Future Rent
2021	28,529
2022	28,529
2023	28,529
2024	28,529
<b>Total</b>	<b>\$ 114,116</b>

Governmental activity long-term liabilities:	\$ 80,343,915	\$ 17,796,606	\$ (6,989,153)	\$ 91,151,367	\$ 4,256,234
<b>Business-Type Activities</b>					
Bonds payable:					
General obligation bonds	\$ 380,000	\$ -	\$ (185,000)	\$ 195,000	\$ 195,000
Revenue Bond	29,615,000	-	(2,730,000)	26,885,000	2,865,000
For issuance premiums	2,501,679	-	(277,964)	2,223,715	227,964
Total bonds Payable	32,496,679	-	(3,192,964)	29,303,715	3,287,964
Public Works Trust Fund Loans	5,214,669	-	(1,330,756)	3,883,913	1,330,757
Pension Liabilities	2,087,800	-	(181,166)	1,906,634	-
Compensated absences	386,320	65,279	-	451,599	225,800
Business-type activity long-term liabilities:	\$ 40,185,468	\$ 65,279	\$ (4,704,886)	\$ 35,545,861	\$ 4,844,521

*The general fund has been used to liquidate other post employment benefits*

Since internal service funds predominantly serve the governmental funds, their long-term liabilities are included as part of the above totals for governmental activities. At year end \$ 141,109 of internal service funds net pension liability and \$ 116,118 compensated absences are included in the above amounts. Also, for the governmental activities compensated absences are generally liquidated by the general fund.

**Arbitrage**

Arbitrage occurs when the City invests funds borrowed at tax-exempt rates of interest in higher yielding securities. These interest earnings in excess of interest expense must be remitted to the federal government. At the fund level, the City recognizes this liability only when it is due and payable. The City had no arbitrage excess earnings liability in 2020.

**NOTE 11 – RECEIVABLES**

Receivables as of December 31, 2020 appear as follows:

	Governmental Activities	Business-Type Activities	Total
<b>Taxes Receivable</b>			
Property Taxes	657,887	-	657,887
Sales & Use Taxes	397,513	-	397,513

<b>Interest</b>	<b>55,623</b>	<b>40,663</b>	<b>96,286</b>
<b>Total Receivables</b>	<b>5,600,810</b>	<b>6,841,329</b>	<b>12,442,139</b>

**NOTE 12 - CONTINGENCIES AND LITIGATION**

The city participates in a number of federal and state-assisted programs. These grants are subject to audit by the grantors or their representatives. Such audits could result in requests for reimbursement to grantor agencies for expenditures disallowed under the terms of the grants. City management believes that any such potential disallowances, if any, would be immaterial.

The City of Marysville is the defendant in certain legal actions. At this time the City Attorney is unable to determine the probability of the outcomes in these cases. However, in all cases of legal actions against the city, the City Attorney believes there are meritorious defenses to the plaintiffs' claims, and that both separately and collectively the alleged damages in these cases are within the coverage limits of the city's insurance policies. Therefore, the city believes that the costs of defending these claims, and any awards, if any, will not be material to the city's financial position.

**NOTE 13 - INTERFUND TRANSACTIONS AND BALANCES**

Loans between funds are classified as interfund loans receivable and payable, or advances to and from other funds depending on the time period for which the loan was made. Advances to other funds are typically loans that are not expected to be repaid within one year from the date of the financial statements. Interfund loans receivable and payable are used primarily to meet short-term cash flow requirements while waiting for other financing instruments to be put in place.

Interfund transfers are the flow of assets without a reciprocal return of assets, goods, or services in return. The City uses transfers to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and 3) use unrestricted revenues collected in one fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Interfund activity for the year is as follows:

Funds	Interfund Loans Receivable	Interfund Loans Payable
001- General	498,753	
109- CBDG		105,000
119- COVID 19		393,753

Current year transfers were to fund street maintenance, street construction, debt service, and vehicle purchases. The General fund provides an annual subsidy to the Golf Course, and the Waterworks Utility provides annual funding to Street Maintenance for surface water activities.

**NOTE 14 – JOINT VENTURES & OTHER RELATED ORGANIZATIONS**

**Marysville Fire District RFA**

A RFA Planning Committee consisting of three elected officials from the district and four elected officials from the City of Marysville, supported by leadership and staff, was established in February 2018 to evaluate the feasibility of creating a new and separate regional fire authority to provide the fire protection and emergency services within the boundaries of the City of Marysville and District 12. After one year of review, analysis, outreach and planning, the committee proposed a RFA plan document providing for the governance, design, financing and development of fire protection and emergency services. The Fire District Board and Marysville City Council passed resolutions in February 2019 to forward the RFA plan to a public vote on April 23, 2019. Voters in Marysville and Fire District 12 approved the plan authorizing and creating the Marysville Fire District RFA effective October 1, 2019.

The RFA is governed by a Board of Directors consisting of five (5) voting members consisting of four (4) elected officials of the Marysville City Council and (1) elected official from District 12. There is an additional non-voting member who shall be one (1) elected official from the District.

Separate financial statements for the new RFA may be obtained from Marysville Fire District RFA, Finance Department, 1094 Cedar Ave, Marysville, WA 98270.

**Snohomish County 911**

The City and other Police and Fire entities jointly operate Snohomish County 911. Snohomish County 911, a cash basis, special purpose district, was created under the Interlocal Cooperation Act, as codified in RCW 39.34. This established the statutory authority necessary for Snohomish County, the cities, towns, fire districts, police districts and other service districts to enter into a contract and agreement to jointly establish, maintain and operate a support communications center. Control of Snohomish County 911 is with a 16 member Board of Directors which is specified in the Interlocal Agreement. Snohomish County 911 takes 911 calls, and performs emergency dispatch services for local governmental agencies include police, fire and medical aid.

In the event of the dissolution of Snohomish County 911, any money in the possession of Snohomish County 911 or the Board of Directors after payment of all costs, expenses and charges validly incurred under this agreement shall be returned to the parties to this agreement in proportion to their contribution during the fiscal year of dissolution. Before deducting the payment of all costs, expenses and charges validly incurred, the city's share was \$1,954,620 on December 31, 2020. The City's equity interest of \$1,954,620 was recorded in government activities on the statement of net position.

Snohomish County 911's 2020 operating budget was \$24,575,191, operating revenues received were \$24,057,771 and total operating expenditures were \$23,917,807 Complete financial statements for Snohomish County 911 can be obtained from Snohomish County 911's administrative office at 1121 SE Everett Mall Way, Suite 200, Everett, WA 98208.

**Alliance of Housing Affordability**

In September, 2013, the City of Marysville joined the cities of Everett, Granite Falls, Lake Stevens, Lynnwood, Mill Creek, Mountlake Terrace, Mukilteo, Snohomish, the Town of Woodway and Snohomish County to establish the Alliance of Housing Affordability (AHA). The agreement was amended in May 2014, to add the City of Arlington and in June 2014, to add the City of Stanwood. The purpose of the AHA is to cooperatively formulate affordable housing goals and policies and to foster efforts to prove affordable housing by providing expertise and information to member jurisdictions. Operating funding is provided by the member cities.

AHA is governed by a joint board composed of an elected official from each of the members. The joint board is responsible for review and approval of all budgetary, financial, policy, and contractual matters. The board is assisted by an administrative staff housed at the Housing Authority of Snohomish County (HASCO). Fiscal agent duties were transferred to HASCO during fiscal year 2018. The values included in the table below were audited and updated by the new fiscal agent and may be different than what was reported in previous years.

Each member city is responsible for contributing operating revenue as determined from the AHA annual budget. Contributions from the member cities are based on population. A grant from the Gates Foundation provided \$50,000 to assist with the first two years of start-up costs. The City of Marysville's equity share to date is:

Fiscal Year	AHA Budget	Marysville's share	% of Budget
2014	\$ 89,850	\$ 3,613	4.0%
2015	92,543	3,721	4.0%
2016	93,651	3,702	4.0%
2017	97,934	3,675	3.8%
2018	102,586	5,513	5.4%
2019	107,391	6,541	6.1%
2020	112,408	6,939	6.2%
2021	117,673	7,002	6.0%

Members withdrawing from the agreement relinquish all rights to any reserve funds, equipment, or material purchased. Upon dissolution, the agreement provides for distribution of net assets among the members based on the percentage of the total annual contributions during the period of the agreement paid by each member.

Budget monitoring information can be obtained from Pam Frost, Director of finance, HASCO, 127711 4<sup>th</sup> Ave W, Everett, WA 98204 (or email: [pfrost@hasco.or](mailto:pfrost@hasco.or)) or from Chris Collier, Program Manager, Alliance of Housing Affordability, 127711 4<sup>th</sup> Ave W, Everett, WA 98204.

#### **AWC Employee Benefit Trust**

The City of Marysville is a member of the Association of Washington Cities Employee Benefit Trust Health Care Program (AWC Trust HCP). Chapter 48.62 RCW provides that two or more local government entities may, by Interlocal agreement under Chapter 39.34 RCW, form together or join a pool or organization for the joint purchasing of insurance, and/or joint self-insurance, to the same extent that they may individually purchase insurance, or self-insure.

An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The AWC Trust HCP was formed on January 1, 2014 when participating cities, towns, and non-city entities of the AWC Employee Benefit Trust in the State of Washington joined together by signing an Interlocal Governmental Agreement to jointly self-insure certain health benefit plans and programs for participating employees, their covered dependents and other beneficiaries through a designated account within the Trust.

As of December 31, 2020, 262 cities/towns/non-city entities participate in the AWC Trust HCP.

The AWC Trust HCP allows members to establish a program of joint insurance and provides health and welfare services to all participating members. The AWC Trust HCP pools claims without regard to individual member experience. The pool is actuarially rated each year with the assumption of projected claims run-out for all current members. The AWC Trust HCP includes medical, dental and vision insurance through the following carriers: Kaiser Foundation Health Plan of Washington, Kaiser Foundation Health Plan of Washington Options, Inc, Regence BlueShield, Asuris Northwest Health, Delta Dental of Washington, and Vision Service Plan. Eligible members are cities and towns within the state of Washington. Non-City Entities (public agency, public corporation, intergovernmental agency, or political subdivision within the state of Washington) are eligible to apply for coverage into the AWC Trust HCP, submitting application to the Board of Trustees for review as required in the Trust Agreement. In 2020 the City created a self-insured health benefits program for its employees as a mean to contain raising health benefit costs. AWC continues to provide medical insurance for employees who elect to be covered under the Kaiser Foundation Health Plan of Washington and the city's LEOFF 1 retirees.

Participating employers pay monthly premiums to the AWC Trust HCP. The AWC Trust HCP is responsible for payment of all covered claims. In 2020 the AWC Trust HCP purchases stop loss insurance for Regence/Asuris plans at an Individual Stop Loss (ISL) of \$1.5 million through Commencement Bay Risk Management, and Kaiser ISL at \$1.0 million with Companion Life through ASG Risk Management. The aggregate policy is for 200% of expected medical claims.

Participating employers contract to remain in the AWC HCP for a minimum of three years. Participating employers with over 250 employees must provide written notice of termination of all coverage a minimum of 12 months in advance of the termination date, and participating employers with under 250 employees must provide written notice of termination of all coverage a minimum of 6 months in advance of termination date. When all coverage is being terminated, termination will only occur on December 31. Participating employers terminating a group or line of coverage must notify the HCP a minimum of 60 days prior to termination. A participating employer's termination will not obligate that member to past debts, or further contributions to the HCP. Similarly, the terminating member forfeits all rights and interest to the HCP Account.

The operations of the Health Care Program are managed by the Board of Trustees or its delegates. The Board of Trustees is comprised of four regionally elected officials from Trust member cities or towns, the Employee Benefit Advisory Committee Chair and Vice Chair, and two appointed individuals the AWC Board of Directors who are from Trust member cities or towns. The Trustees or its appointed delegates review and analyze Health Care Program related matters and make operational decisions regarding premium contributions, reserves, plan options and benefits in compliance with Chapter 48.62 RCW. The Board of Trustees has decision authority consistent with the Trust Agreement, Health Care Program policies, Chapter 48.62 RCW and Chapter 200-110-WAC.

The accounting records of the Trust HCP are maintained in accordance with methods prescribed by the State Auditor's office under the authority of Chapter 43.09 RCW. The Trust HCP also follows applicable accounting standards established by the Governmental Account Standards Board ("GASB"). In 2018, the retiree medical plan subsidy was eliminated and is noted as such in the report for the fiscal year ending December 31, 2018. Year-end financial reporting is done on an accrual basis and submitted to the Office of the State Auditor as required by Chapter 200-110 WAC. The audit report for the AWC Trust HCP is available from the Washington State Auditor's office.

#### **NOTE 15- POLLUTION REMEDIATION OBLIGATION**

On December 20, 2016, the City purchased the WELCO Lumber company property located at 1218 1<sup>st</sup> Street, Marysville, WA. After conducting both a Phase I and Phase II Environmental Site Assessments analytical data from the consultant's investigation indicated concentrations of TPH above the MTCA Method A cleanup levels were present in the site soils. In addition soil and water impacts identified were in multiple areas all over the site and likely represent multiple, separate releases none of which have been fully characterized with respect to lateral or vertical extend. In order to assess the full impacts to the property and develop accurate clean-up costs, further investigations are required.

#### **NOTE 16 – ASSET RETIREMENT OBLIGATION**

The City of Marysville provides water, sewer and surface water services to the citizens of Marysville. As a provider of these services, the City owns, operates and maintains a lagoon, sewer filtration plants, and several wells. The City is continually maintaining and upgrading these assets ensuring that they remain in good service and continually extending the life of the assets with no plans to decommission any of these assets.

#### **NOTE 17 - PRIOR PERIOD ADJUSTMENT**

Governmental Activities - A prior period adjustment of \$2,730,793 is being reported on the Statement of Activities – Governmental Activities. During the preparation of the construction work in progress for 2020 it was discovered that two assets totaling \$1,601,349 were not capitalized in 2019. Activity in Fund 310 was evaluated and determined that a construction work in progress account should be utilized with the cost and length of projects and a \$1,129,445 balance was established.

Proprietary Fund Statements and Business-Type Activities – A prior period adjustment of \$95,106 is being reported on the Statement of Activities – Business-Type Activities. During the process of completing the 2020 construction work in progress it was discovered that project costs for the Geddes Marina cleanup project for 2019 were not capitalized. The review process for CWIP has been modified to evaluate all projects with costs in a single year to see if the total project cost will meet the threshold of CWIP at completion to mitigate the risk of this happening again.

#### **NOTE 18- SUBSEQUENT EVENTS**

In February 2020, the Governor of the State of Washington declared a state of emergency in response to the spread of a deadly new virus. In the weeks following the declaration, precautionary measures to slow the spread of the virus have been ordered. These measures include closing schools, colleges and universities, cancelling public events, and limiting gathering sizes.

The City of Marysville has a Revenue Shortfall Policy that has been activated at Level I. Level I activation is when reserve reductions are 1% but less than 10%. Even though the City has not needed to use reserves, it felt it was prudent to activate since the temporary closure of many businesses would ultimately translate to reduced revenues to the City. Level I includes delaying expenditures where possible, departments monitor budget to ensure essential expenditures, and council may consider delaying/post-poning capital improvement projects (CIP). The City will also review vacant positions for possible delay and continue to seek and apply for grants relating to the event.

The length of time these measures will be in place, and the full extent of the financial impact on the City of Marysville is unknown at this time.

# SPECIAL REVENUE FUNDS

Special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. Other restricted resources are accounted for in debt service, and capital projects.

- 101 The ***Street Maintenance Fund*** accounts for funds used to provide appropriate preservation and development of the city's street infrastructure.
- 102 The ***Arterial Street Fund*** accounts for funds used for the construction, Improvement and repair of arterial highways and city streets.
- 103 The ***Drug Seizure Fund*** accounts for monies forfeited and proceeds of the sale of forfeited property seized as a result of drug activity.
- 104 The ***Tribal Gaming Fund*** accounts for the receipt and disposition of funds received from the Tulalip Tribes for the mitigation of law enforcement due to gaming activity.
- 105 The ***Hotel/Motel Fund*** accounts for programs supported by the Hotel/Motel tax revenue authorized by RCW 67.28.180.
- 106 The ***KBCC Appreciation Fund*** accounts for private donations intended to support the senior center. All expenditures from this fund are solely to be used for the benefit of the Baxter Center and/or activities sponsored by the center
- 108 The ***I/NET Fund*** accounts for funds used to implement and maintain the city's technology infrastructure
- 109 The ***Community Development Block Grant Fund (CDBG)*** accounts for a variety of housing and community development programs aimed primarily at low and moderate-income persons and the prevention or elimination of slums and light. The financing is from Community Block Grant HUD funds.
- 110 The ***GMA REET I Fund*** accounts for the revenues and expenditures of the first quarter percent of the real estate excise tax or REET I.
- 111 The ***GMA REET II Fund*** accounts for the revenues and expenditures of the first quarter percent of the real estate excise tax or REET II.
- 114 The ***Transportation Benefit District Fund (TBD)*** accounts for the .2% voted sales tax increase, and used to fund transportation projects within the City.
- 115 The ***Affordable Housing Tax Fund*** accounts for taxes collected to acquire, construct and maintain affordable housing.
- 116 The ***School Mitigation Fund*** accounts for money received by developers which are then distributed to the school districts within city limits.
- 119 The ***COVID Fund*** accounts for grant revenue received and expenditures made related to the coronavirus pandemic.

# DEBT SERVICE FUNDS

The debt service funds are used to account for the accumulation of resources for and payment of general obligation bond principal and interest from governmental resources. Debt service funds are also used to account for the accumulation of resources for and payment of special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

- 206      The *LTGO Bond Fund* accounts for all of the interest and principal payments on the City's LTGO debt
  
- 299      The *LID Guaranty Fund* was established to guarantee the payments of LID bonds, warrants and other short-term obligations.

PROPRIETARY FUNDS

# INTERNAL SERVICE FUNDS

Internal service funds account for the financing of goods or services provided by one department to other departments of the city on a cost reimbursement basis.

- 501**      The *Fleet Maintenance* accounts for the costs of operating a maintenance facility for automotive equipment and other machinery used by city departments.
  
- 502**      The *Facilities Maintenance* accounts for the costs associated with the maintenance and repair of city buildings
  
- 503**      The *Information Services* was established to collect costs associated with computer purchases, maintenance and support costs. The goal is to develop a charge back system along the lines of the equipment replacement fund.
  
- 510**      The *Unemployment Insurance* was established to reimburse the state for unemployment claims.
  
- 511**      The *Liability Insurance* was established to pay insurance premiums and liability claims.
  
- 512**      The *Medical Insurance* was established to pay insurance premiums and medical claims.

**Internal Service Funds**  
**Combining Statement of Net Position**  
**December 31, 2020**

# STATISTICAL SECTION

This page left intentionally blank.

---

## STATISTICAL SECTION OVERVIEW

This part of the City of Marysville's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information say about the government's overall financial health. The statistical section is organized by major sections described below.

### Financial Trends

These schedule contain information to assist the reader in understanding how the City's financial position has changed over time.

### Revenue Capacity

These schedules contain information to assist the reader in understanding and assessing the City's most significant local revenue sources; sales tax, water/sewer/surface water service fees and property taxes.

### Debt Capacity

These schedules present information to assist the reader in understanding and assessing the affordability of the City's current levels of outstanding debt and the government's ability to issue additional debt in the future

### Demographic and Economic Information

These schedules offer demographic and economic indicators to assist the reader in understanding the environment within which the City's financial activities take place.

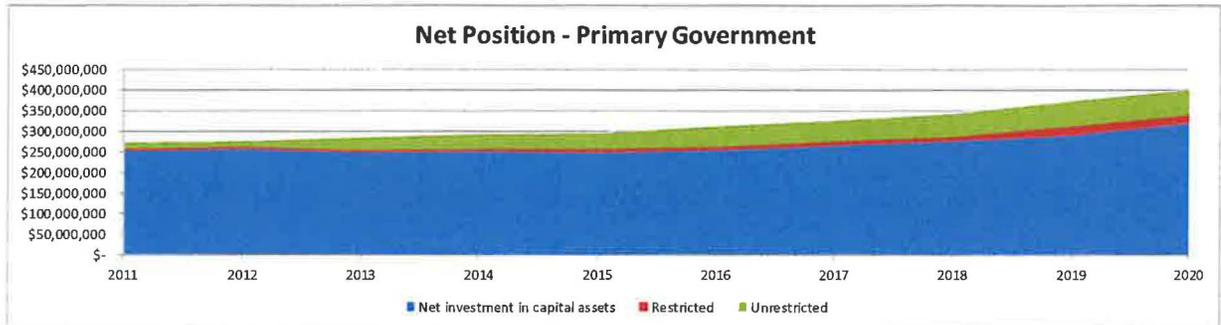

### Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the city provides and the activities it performs.

**Sources:** Unless otherwise noted, the information in the schedules is derived from the annual financial reports for the relevant year.

2 See Stat 7a for property value data

3 See Stat 13 for population data

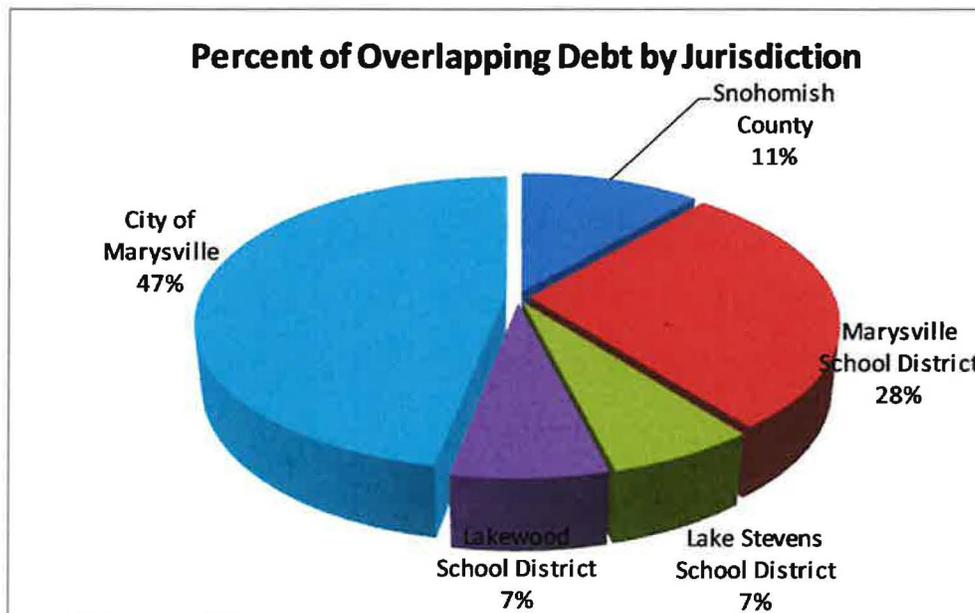

4 Due to CAFR Review of 2016 Stats, GO Bond totals needed to be updated for 2015 and 2016

STAT 10a

**DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT  
AS OF DECEMBER 31, 2020**

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable*	Estimated Share of Overlapping Debt
<b>Debt repaid with property taxes</b>			
Snohomish County	\$ 316,908,960	6.11%	\$ 19,348,091
Marysville School District No. 25	59,580,000	80.62%	48,035,789
Lake Stevens School District No. 4	130,130,000	8.68%	11,294,752
Lakewood School District No. 306	53,815,000	21.85%	11,759,433
<b>Other debt</b>			
			-
<b>Subtotal, overlapping debt</b>			<b>90,438,065</b>
<b>City direct debt</b>			<b>80,538,186</b>
<b>Total direct and overlapping debt</b>			<b>\$ 170,976,251</b>

\* The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the city's boundaries and dividing it by each unit's total taxable assessed value.

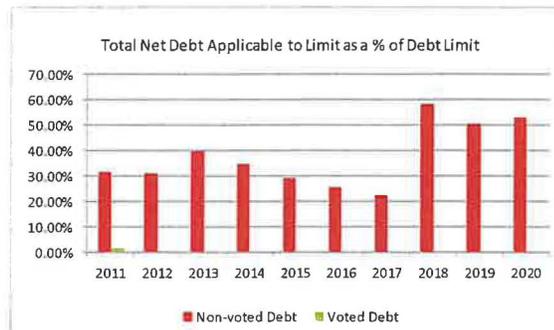

Sources: Assessed value used to estimate applicable percentages was provided by the Snohomish County Assessor's Office. Debt outstanding provided by each government unit.

Source: Various City Departments

#2020 Most numbers were down considerably due to Covid 19 restrictions

\*Reduction in Rentals due to rental being once per day, rather than twice.

\*\*In 2011 the reporting on permits changed. The report now tracks total permits granted in a given year without New/Improved Building Valuations

\*\*\* In 2014, the Ken Baxter Community Center was closed from 11/21/14 to 12/31/14 for repairs. And from 1/1/15 to 3/31/15

^ The 2014 number includes the acquisition of the PUD Water customers in the Sunnyside area (Southeast Marysville, 2,086 connections)

^^ New software in 2015 has allowed the breakout of permits and valuations to be done.

^^^ Library was transferred to Sno Isle Library System on 3/1/15, therefore the City lost its ability to rent space at the library.

\*\*\*\* The City is leasing the Opera House from the owner and is renting the Opera House for Weddings, Events, Concerts, etc. started in 2016 Starting in 2018, the City now owns the Opera House Venue
